HISTORY-MAKING EVENT

CANADIAN OIL HISTORY was made in Edmonton yesterday when Premier E. C. Manning opened big valve which sent Alberta oil into 439-mile pipeline to Saskatchewan refineries and to eastern markets. Built by Interprovincial Pipeline Company, opening ceremonies were attended by Rt. Hon. C. D. Howe, minister of trade and commerce, pipeline officials and government and civic dignitaries.

Oil Industry Revolutionized Here As Pipeline Opened

Alberta oil is on its 439-mile journey by pipeline to Regina refineries.

When Premier E. C. Manning turned the large wheel that controls the valve at the pipehead Wednesday, he sent thousands of gallons of oil gushing into the pipeline which will revolutionize transportation of this province's rich resource.

Progress of the oil through the 20-inch pipe will be slow at first because temporary pumpers are at work. It will take merely three weeks for the line to be filled with 480,000 barrels of oil.

When the permanent pumps are finished in a few weeks' time, it will take the fluid only about 11 days to reach Regina from here.

'PIG' ON ITS WAY

Before Wednesday's ceremony at the Interprovincial Pipeline Company pump station east of here, a "pig" was inserted in the pipe. The metal and rubber tube will clear the line of dirt as it is pushed along by the flow of oil.

Dr. O. B. Hopkins, Interprovincial president, Toronto, said there were 512,000 barrels of Redwater oil on hand at the huge storage tanks.

Interprovincial plans to supply the Hi-Way Refinery at Rosetown, Sask.; the Imperial Oil and Saskatchewan Federated Co-operatives refineries at Regina; and the British American refinery at Moose Jaw.

More than 200 federal and provincial government representatives, business executives and employes of Interprovincial and Imperial Oil braved the cold air to stand in the

Markets In Brief

TORONTO, Oct. 5—(CP)—Industrial stocks climbed higher for a third straight session on the Toronto Stock Exchange today.

A strong burst of buying at the opening carried leaders well ahead but mild profit-taking appeared in mid-session.

Activity was brisk, especially in a handful of low-priced mining stocks. Volume was about 2,650,000 shares.

* * *

MONTREAL, Oct. 5—(CP)—**Mild profit-taking countered a steady demand near the final hour on the Montreal Stock Exchange and Curb market today, halting a rising market.**

Some issues, particularly papers, pared their gains or turned them into losses. Gains, however, still held a fair edge over losses. Changes were narrow fractionally, some plus signs ranging to more than a point.

* * *

NEW YORK, Oct. 5—(AP)—Highly selective buying today in the stock market put motors and steels ahead while rails and metals declined.

The gains and losses were spread out over a fairly wide range of more than $1.

Trading was brisk, especially when prices were rising or held unchanged in a show of resistance against selling pressure.

HAS LOUD 'NO,' THO

Truman Doesn't Want Lewis as a Dogcatcher

DENVER, Colo., Oct. 5—(AP)—State senator Neal Bishop said yesterday he had received a letter from president Truman which stated: "I wouldn't appoint John L. Lewis dogcatcher. And I think you understand that is the case. I appreciate the good humor in your letter."

Bishop had written in April of 1949 that Lewis was the man for the job in that he could "roar 'No' louder than Gromyko, hurl more invective than Vishinsky, out-negotiate Molotov at the conference table."

The president answered the letter promptly.

Bishop didn't say anything about the affair until today.

At his Alexandria, Va., home, Lewis said he had no comment.

Gilbert Sentenced 3rd Time to Hang

Second Appeal Against Murder Conviction Fails

Joseph Gilbert will die on the gallows of Fort Saskatchewan jail the morning of November 15.

The end of the case came Wednesday afternoon when his second appeal against sentence was denied by the appellate division of the Supreme Court of Alberta.

Twice convicted of the strangulation murder of Sam Kee, north end market gardener in his root house on October 8, 1949, and twice granted appeals, Gilbert, the 23-year-old Edmonton laborer lost his final appeal after a one-day hearing.

In dismissing the appeal conducted by Alex Dubensky, the Court of Appeal rule unanimously that it be set aside.

All six points of Mr. Dubensky's appeal were dismissed.

His claim that the trial judge and jury lacked the jurisdiction to try Gilbert on his second trial on grounds that a new indictment and not the first should have been laid on Gilbert was overruled in that it was a long established practice to proceed on the original indictment.

REQUEST SET ASIDE

The request to recall Dr. Max M. Cantor, provincial coroner, to establish definitely the time of Kee's death was set aside, as Mr. Chief Justice G. B. O'Connor stated, "the coroner's opinion of the time of death can only be an estimate."

Mr. Dubensky's claim that the charge of the trial judge to the jury was an unfair one was overruled. The court decided that Mr. Justice G. Boyd McBride's charge was a fair one.

Arguments for a change of venue—taking the trial to another division—were set aside. The court decided direction of a change of venue rested with the discretion of the presiding Judge.

CLAIM REJECTED

Mr. Dubensky also claimed that the defence should have had an opportunity to place Hong Suey Chin on the stand for questioning.

Chin was jointly charged with Gilbert for the murder but was acquitted on his second trial. Mr. Chief Justice O'Connor said that the defence had the opportunity to seek Chin as a witness but failed to do so.

W. J. Shortreed, crown counsel, in a short, 15-minute appeal acted for dismissal of appeal.

Dollar Down

NEW YORK, Oct. 5—(CP)—The Canadian dollar was down ¼ of a cent at a discount of 5¾ per cent in terms of United States funds in mid-day foreign exchange dealings today. The pound sterling was down ⅛ of a cent at $2.80⅛.

Wealthy Owner Of Race Horses Dies Suddenly

PHILADELPHIA, Oct. 5—(BUP)—Millionaire race horse owner Albert Sabath dropped dead in his hotel room in a mid-town Philadelphia hotel today.

The 50-year-old Sabath, owner of Alsab and other leading money winners, was stricken ill in the Benjamin Franklin Hotel shortly after 10:30 this morning.

A house physician was called but he found Sabath dead when he arrived. The doctor said death was due to a coronary thrombosis. Sabath's son was with him when he died.

2 Runaways Are Spenders Of Old School

VANCOUVER, Oct. 5—(CP)—Two runaway Saskatoon boys who carried more than bubble gum money, $9,167 to be exact, were held in the juvenile detention home today.

Police said the boys, 11 and 12 admitted the money came from a stronghox owned by an uncle, and claimed proudly: "There's lots more where this came from."

The youngsters were picked up at the CPR station last night by railway police and turned over to the city detectives.

CPR police had been expecting the lads. Their father thought they would probably head for the coast.

They told of carrying the money in an old shopping bag, spending between $400 and $500 and passing out $5 tips to waitresses and other workers.

Blow In 10th Wins for Yanks

PHILADELPHIA, Oct. 5.—Joltin' Joe DiMaggio, playing in his 43rd World Series game, came to bat in the top of the 10th inning today and blasted a Robin Roberts' fast ball for a game winning home-run and give the Yanks 2-1 verdict over Philadelphia's fighting Phillies.

By virtue of today's win, the Yanks carry a 2-0 edge in games when the series moves to Yankee Stadium tomorrow.

The Yanks took a 1-0 lead in the second inning of today's tense game, but the Phils came back to knot the count in the bottom of the fifth.

PITCHING DUEL

From there it was a tight pitchers' battle between the Yankees' ace, Allie Reynolds, and the young Roberts.

When the Yanks staved off a Phil rush in the bottom of the ninth when Granny Hamner smashed a hard double to right centre and Dick Whitman was intentionally passed with one out, Mike Goliat ground i to a double play to snuff out the Phil rally.

The Yankee Clipper was the first man to face Roberts for the Yanks in the tenth and he picked the fast one that went all the way to the left centre stands for the winning run.

The Phils fought back in their half of the tenth, getting pinch hitter Jocko Mayo to second base, but Dick Sisler struck out to end the ball game.

New York .. 010 000 000 1— 2 10 0
Philadelphia 000 010 000 0— 1 7 0

New York — Reynolds and Herra; Phillies — Roberts and Seminick. Silvestri (8).

FIRST INNING

Yankees—Woodling beat out a slow bounder for a single. Seminick took Rizzuto's foul pop behind home plate. Berra pushed a looping single into short left and Woodling advanced to third.

Goliat took DiMaggio's lazy pop behind second. Woodling attempted to score after the catch but changed his mind and scrambled back to third to beat Waitkus' relay.

Mize raised a short foul pop up to Seminick.

No runs, two hits, no errors, two left.

Phillies—Waitkus rapped sharply to Coleman. Ashburn dropped a double as Bauer failed in an attempt to make a shoestring catch.

None Killed In Rail Crash

ERIE, Pa., Oct. 5—(AP)—A New York Central railroad flier, clipping along at better than a mile a minute, smashed into a derailed oil-tank car early today, setting off an explosion which rocked midtown Erie.

Miraculously, no one was killed. **Between 40 and 50 were injured but none was burned, although flames from the burning tanker leaped high into the air and lapped at some of the cars on the palatial westbound New England states express.**

The engineer of the Boston-to-Chicago express had no chance to keep his train from hitting the tank car. It was hurled into the express' path from a freight train travelling eastbound on a parallel track. Both he and his fireman escaped injury.

Third Magic Money Winner Gets $20 From Bulletin

Three gone and two to go.

That's the score in the magic money contest today.

Third winner in the contest, Alec Raferty, suite three, Arcade Building, Edmonton, walked into the Bulletin office yesterday and handed in one-dollar bill number M-305645.

GETS A NEW $20

Raferty, manager of a local taxi company, stated he had noticed the lucky number early in the afternoon, as he checked the cash register.

Discovery of the bill netted Raferty a brand new $20 bill at the Bulletin news desk.

Raferty's find leaves just two bills, both of one-dollar denomination, in circulation.

Here are the serial numbers

K—M 2399020
N—M 7398600

You can earn yourself $20 (yes, and it's brand new $20 bills they are giving out, too) if you report your find to the Bulletin news desk.

NO HARD QUESTIONS

No hard questions to answer. No tricks, either. All you have to do is tell the Bulletin news desk where and when you came into possession of the lucky bill.

It's all part of a game. The money is placed in circulation in an attempt to find out how fast and how far money goes.

First winner in the contest was Mrs. H. W. Dyer, Edmonton, who cashed in one-dollar bill M—M 1642642 last Saturday.

A good deed earned the second winner, W. J. Campbell, Winterburn, his $20 reward.

Campbell helped a party of duck hunters push their car out of a ditch last Thursday. The dollar they gave him in return, serial number J—M 6609860, paid off for $20 at the Bulletin office on Monday.

Just keep your eyes peeled, because the deadline is approaching when the last two dollars now eligible for a prize will be taken off the list.

Wireless Printing Inventor Dies, 75

LOWER BANK, N.J., Oct. 5—(AP)—Charles Reginald Underhill, credited with inventing the wireless telegraphing printing system, died at his home here yesterday. He was 75. Born in Chappequa, N.Y., Underhill did not attend college because of deafness and was largely self-educated.

'Old Pete' Will See Old Team

NEW YORK, Oct. 5—(BUP)—The only man ever to win a world series game for the Philadelphia Phils—Grover Cleveland Alexander—will see his old team in action tomorrow at New York.

Alexander, who won the opener of the 1915 series against the Boston Red Sox, is scheduled to arrive in New York at six o'clock tonight. Tomorrow, Alexander will see the third game of the series between the Phils and the Yankees at New York.

Montreal Man Is YMCA Chief

TORONTO, Oct. 5 — (CP) — John M. Pritchard of Montreal has been appointed president of the national council of Young Men's Christian Associations of Canada, it was announced today.

Mr. Pritchard, who joined the YMCA as a boy in his native Winnipeg, is a director of the Montreal Metropolitan board of the association and president of the McColl-Frontenac Oil company.

Entries for Friday's races are not carried today due to delay caused by heavy World Series wire commitments.

S. Korean Troops Capture Changjon

Meet Strong Resistance 60 Miles North of Border

By Russell Brines

TOKYO, Oct. 6, Friday — (AP) — Beating down the strongest resistance yet encountered in North Korea, the Korean republic's 3rd Division Thursday seized Changjon, 60 air miles north of the 38th parallel.

U.S. Eighth Army headquarters estimated that a Red infantry division and a company of Red marines made a stand three miles south of that east-coast town.

AP correspondent William Jorden, with the fast-moving Republican division, said the town fell to the South Koreans after an all-day fight. His information evidently was several hours more recent than that at Eighth Army headquarters.

The first notable show of Red defence came as a United Nations army of up to 175,000 troops was massing to yank down the iron curtain all along parallel 38 and wipe out Communist resistance in all of Korea.

The non-Korean allies, who have been kept south of the artificial border, stood ready to cross and join South Koreans who have already pierced the curtain and probed 60 miles or more into the Communist-ruled northland.

Gen. MacArthur's headquarters made it clear that all his forces are ready to go into North Korea as needed.

Non-Korean troops had been held south of the 38th Parallel since the South Koreans stabbed across, Sunday.

The question of their crossing from liberated South Korea was considered only as a military issue, MacArthur's headquarters said, and not as a political hurdle at this stage.

The United Nations at Lake Success Wednesday night directed MacArthur, in effect, to use any means at his command to unify Korea.

Parallel 38 was drawn originally to designate American and Russian zones for acceptance of the Japanese surrender after the Second World War.

The Red regime continued to ignore surrender ultimatums first aired by MacArthur last Sunday and repeated since.

REPORT ON ACTION

In one of the few remaining actions in South Korea, American marines punched northward Thursday from rubbled Uijongbu, 20 miles south of 38 and about 11 miles northeast of Seoul. Resistance was scattered.

On the east coast, the South Korean 3rd Division was 60 miles north of the Red border. It was within 25 miles of Tongchon, where the Communists might attempt a stand in defence of Wonsan, an industrial centre some 25 miles farther north.

By Thursday morning, at least 20,000 Korean republican troops were already in Communist territory—the capital division inland and the 3rd on the Sea of Japan coast.

Other South Korean divisions totalling perhaps 30,000 men were either across the boundary or arrayed along it.

Oil Pipeline Opened Here

open for over half an hour during the inauguration speeches.

PREMIER OPENS VALVE

Then they watched Premier Manning walk down the steps from the platform to turn the big wheel that opens the valve into the pipeline.

He gave it a score of revolutions while newspaper and motion picture cameras clicked to record the history-making event. Interprovincial officials later made more than 250 turns of the wheel to open the valve fully.

As the ceremony ended, an airplane zoomed low over the field. In it was Danny Driscoll, who will fly along the line, spotting and reporting any leaks as the precious oil rolls along on its long journey eastward.

A year and a half ago, as Dr. O. B. Hopkins, Interprovincial president, said, the pipeline was a "dream" in the minds of a few people. He thanked those responsible for the success of the project, made possible by the co-operation of everyone concerned.

'BEYOND DREAMS'

G. L. Stewart, president of Imperial Oil, extended congratulations to the pipeline company. J. Grant Spratt, president, Western Canada Petroleum Association, spoke glowingly of the second half of the 20th century as something "beyond the wildest dreams" of the oil industry in Alberta.

He warned that the future of the oil industry wold not be easy as producers would have to reduce prices to compete with other markets.

Dr. Hopkins presented Trade and Commerce Minister C. D. Howe with a cigarette case and Premier Manning with a sterling silver tray—momentoes of the occasion.

Protest Strike

GENOA, Italy, Oct. 5.—(Reuters)—Italian steelworkers today called a 24-hour protest strike for tomorrow throughout Genoa province in protest against the lockout of 30,000 workers at the giant Ansaldo steel plant.

(Continued from Page 1)

Phils, Yanks Lock In Close Battle

Sisler looked at three balls, then took three strikes, swinging at the last. Coleman made a nice stop and throw to retire Ennis.

No runs, one hit, no errors, one left.

SECOND INNING

YANKEES — Brown rapped a liner right into the hands of Ashburn. Jones caught Bauer's foul pop. Coleman walked on a full count. Reynolds rapped Roberts' first pitch over Waitkus' head for a single, Coleman going to third. Woodling also swung at the first pitch and sent a long foul into the upper right field stands missing a home run by a dozen feet. Woodling got an infield single with a twisting grounder between third and short.

Hamner tried a force at second but Reynolds easily beat the throw to that bag and Coleman crossed the plate. Rizzuto sent a high soft fly to Ashburn.

One run, two hits, no errors, two left.

Phillies—Jones was called out on strikes. Hamner belted a triple, his long low liner bouncing off the right-field wall. With a 3-2 count, Seminick drove a long foul deep into the upper left field stands, then slapped a two-bouncer to Coleman just beyond the infield grass. Hamner held third as Coleman threw out Seminick. Goliat sent an easy fly to DiMaggio.

No runs, one hit, no errors, one left.

THIRD INNING

Yankees — Berra went down swinging. Goliat gathered in DiMaggio's short fly. Mize looped a burn gathered in Brown's high fly.

No runs, one hit, no errors, one left.

Phillies — Roberts struck out. Waitkus lined a double barely inside the foul line in the right field corner. Ashburn fouled out to Berra. Sisler went out on a weak roller to Coleman.

No runs, one hit, no errors, one left.

FOURTH INNING

Yankees—Bauer popped to Hamner. Coleman was credited with a two-bagger when his drive into centerfield took a bad bounce which Ashburn was barely able to knock down with his bare hand. Reynolds walked on a 3-2 pitch. Woodling fouled to Sisler. Rizzuto lined to Ennis.

No runs, one hit, no errors, two left.

Phillies—Ennis struck out. Jones raised a high pop up to Mize. Hamner walked on four pitches. Hamner stole second. Seminick went down swinging.

No runs, no hits, no errors, one left.

FIFTH INNING

Yankees—Berra popped to Hamner. DiMaggio sent a towering pop up to Jones behind the infield grass. Mize went down swinging.

No runs, no hits, no errors, none left.

Phillies—Goliat singled between first and second. Coleman's off-balance throw sailed over Mize's head but Berra's alert backing up prevented Goliat advancing.

Roberts attempted to sacrifice but popped to Reynolds as Goliat scrambled back to first.

Waitkus' sharp grounder bounced over Coleman's head for a single, Goliat going to third.

Ashburn flied to Woodling, Goliat scoring after the catch. It was the Phillies first run of the series.

Sisler fouled to Mize.

One run, two hits, no errors, one left.

SIXTH INNING

Yankees—Fine fielding by Ashburn held Brown's drive to a single. Bauer fouled to Waitkus. Coleman popped to Waitkus. Reynolds struck out.

No runs, one hit, no errors, one left.

Phillies—DiMaggio made a spectacular running catch of Ennis' towering smash to the right centre-field wall, 400 feet away.

Jones lined into Rizzuto's glove. Coleman hauled in Hamner's low looper.

No runs, no hits, no errors, none left.

SEVENTH INNING

Yankees—Rizzuto walked; after several tosses to keep Rizzuto on first, Roberts forced Berra to pop out to right centre where Ashburn made the catch. DiMaggio popped foul to Waitkus.

No runs, no hits, no errors, one left.

Phillies—Attendance was announced as 32,60

Seminick walked on four pitches. Larry Cabellero went in to run for Seminick Church warms up in Phil's bullpen. Goliat sent a soaring line drive to left which went foul at the last second and then hit a long fly to Woodling. Cabellero held at first. Silvestri will be new Phillie catcher. Roberts bats for himself and bunts to Reynolds to sacrifice Cabellero to second for the second out. Waitkus lined deeply to DiMaggio to centre to retire side.

No runs, no hits, no errors, one left.

EIGHTH INNING

Yankees—John Mize sent high pop-up back of first to Waitkus. Bobby Brown lined hard ball over first for a single continuing his terrific World Series hitting display. Bauer hit between short and third for another single, Brown held at second. Hopp went in to run for Brown. Coleman grounded out Hamner to Waitkus with Hopp and Bauer advancing to third and second. Reynolds struck out to retire side.

No runs, two hits, no errors, two left.

Phillies—Hopp went in to first to replace Mize for Yanks while Billy Brown took over at third, replacing Bobby Brown.

Ashburn beat out bunt down third base line for infield single. Sisler bunted to Reynolds who threw Ashburn out at second. Ennis hit into double play, Johnson to Coleman to Hopp, to retire Phils.

No runs, one hit, no errors, none left.

NINTH INNING

Yankees—Woodling ground out, Goliat to Waitkus. Rizzuto went down the same way. Berra popped out to Jones at third.

No runs, no hits, no errors, none left.

Phillies—Willie Jones flied to Bauer in right field. Hamner doubled to right centre for his second hit of the ball game. Hamner tripled earlier, but died on third. Dick Whitman batted for Charlie Silvestri and drew intentional pass with Reynolds electing to pitch to Mike Goliat who ground into double play, Rizzuto to Coleman to Hopp to end inning and send game into extra innings.

No runs, one hit, no errors, two left.

TENTH INNING

Yankees—DiMaggio, first man to face Robin Roberts in the tenth slammed a fast ball for a long home-run. Johnson struck out. Sisler took Hopp's fly and Bauer went out. Hamner to Waitkus.

One run, one hit, no errors, none left.

Phillies—Mayo went in to pinch hit for Robin Roberts and drew a walk. Waitkus ground out, Johnson to Hopp on a close play. Mayo went to second. Ashburn flied out to Hopp back of first base. Sisler struck out to end ball game.

No runs, no hits, no errors, one left.

Sweden has practically no losses from forest fires, according to Dean Thorsten Steffert of the Stockholm forestry school.

Police Hold 4 Juveniles For Thefts

An alert Bulletin wholesaler, Robert Evans, led police yesterday to pick up four juveniles found responsible for a wave of recent minor robberies.

Evans phoned police yesterday morning that he was holding two boys, aged 8 and 9, after finding them near a downtown garage with what he believed was stolen property.

Detectives A. M. Edwardson and Dunc MacLean questioned the two, and confirmed Evans' suspicions that they were responsible for several small newsstand robberies in the past week.

TWO OTHERS NABBED

Yesterday afternoon, the two detectives picked up two more juveniles between 97 and 98 streets, just north of 106 avenue, after a short chase.

They found the second two-some, older than the first pair, had stolen clothing from several department stores around town, and given the clothes to the younger pair to take away.

The two older ones had also broken into two cars, stealing a small quantity of clothing.

Two of the four boys admitted escaping recently from the Optimist Home and were returned there. The other two were sent home.

Juvenile authorities are investigating.

Oil Big Saving For Dominion

CHICAGO, Oct. 5.—(AP)—Canada's oil production will mean a saving of $145,000,000 in United States exchange next year, W. F. Prendergast of Toronto told the American Life Convention today.

Prendergast, assistant to the president of the Imperial Oil Company Limited, said Canadian oil production had meant a saving this year of about $100,000,000 in U.S. exchange and is helping Canada achieve a dollar balance with the U.S.

In a talk prepared for delegates, he said perhaps half of all capital investments in the Canadian oil industry now are coming from investors in the United States.

City Woman Hit By Bus Hospitalized

Knocked off her bicycle by a bus yesterday afternoon, Mrs. Ethel Christensen, 11308-90 street, is in good condition with back injuries today.

She was rushed to Royal Alexandra Hospital by Smith's Ambulance about 1:25 p.m. from 116 avenue and 89 street.

Mrs. Christensen told police she swerved to avoid a cable stretching from a telephone manhole. When she swung back to her former direction, she collided with the bus.

Motorman Robert Beaton, 7927-112 avenue, said he thought Mrs. Christensen was making a left turn and he didn't expect her to swerve back ahead of him.

Two small fires which broke out yesterday in the area west of Chip Lake are now under control. Provincial forestry officials said today about 35 ground fires are now burning in the province, but these are being dug out with bulldozers. Most of the ground fires are burning in muskeg.

FIGHTING a basement fire is a tricky business. Here, at fire department's new training ground on river bank, Firemen Mervin Bruce and Thor Hafso practice latest method. Old system was to break through a window and thrust in big firehose. Water damaged was extensive. Nowadays hole is cut in floor and fog nozzle inserted. This technique requires less effort from men and makes minimum amount of water damage.

New Training Ground Gives Fine Firefighting Facilities

By Erwin Kreutzweiser

A huge billow of searing flame and smoke rose hundreds of feet into the air today on the river bank north of Dawson bridge.

In five seconds the *fire* was out.

It was a demonstration at the new fire department training ground. A fog nozzle had done the quick extinguishing job.

Firemen under Chief William Ferguson and Chief Instructor George Williamson showed how they test pumpers and practice techniques that are needed in actual firefighting.

Weird figures, looking like men from Mars, were there. Equipped with latest types of air tanks and masks, they entered a little building where dense white smoke was released. It tested both the apparatus and the men.

NEW FACILITIES

The training ground is something the Edmonton Fire Department never had before. Chief Ferguson plans to have practice facilities on a par with those of the best fire departments in North America. Edmonton firemen have always had training courses, but now they will have improved facilities.

When all the buildings and equipment are installed, the whole firefighting force of 186 men will take training there, in groups of 12 each day.

Equipment on the field, part of which was reclaimed from the river, will give the men practice under conditions they will meet in city buildings.

There is a framework with a sprinkler system. Firemen must be quick in closing the valves to avoid water damage to buildings and their contents. The framework also gives practice in methods of fighting basement fires.

SIX-STOREY TOWER

A six-storey tower will be built next. Made of reinforced concrete, it will have a stairway inside, a fire escape outside and a standpipe with a valve at each floor.

It will give the men practice handling the kind of emergencies they must meet in any tall city building.

The present temporary smoke building will be replaced with a permanent concrete one, and there will also be a utility and lecture building.

A 14,000-gallon tank holds the water for pumping practice. As the water is used, it is returned to the tank so there is no wastage. New equipment is tested here for draughting power. A pumper must be able to suck water out of the tank and eject it for six hours, steadily, before it is approved.

HOST FINDS SAMARITAN NOT GOOD

Ralph Haggard, St. Elmo hotel, went to sleep last night a tired but happy man.

But he was alert and unhappy when he went to the police later the same night.

He said he had gone to his room earlier that evening, ignored a few visitors there, and gone to sleep on the bed with his clothes on. Nobody seemed to mind; someone even took his boots and pants off for him, and Haggard was duly grateful.

Until he woke up. Then he found the helpful stranger had also helped himself to $80 in Haggard's wallet.

Detectives Jack Langford and W. J. Longstreet are investigating.

Build Own Homes

OSLO—(CP)—Oslo youths are persuaded that the only way to get housing accommodation is to build it yourself. The Youths' Self-Construction Association was formed last year and now has 419 active members. The housing projects, nearly complete, will provide 62 four and three-room apartments and 22 single rooms.

River Shipping Season Extended Four Days

Favorable navigation conditions along the Mackenzie River have resulted in a four-day extension of the shipping season.

Officials of Yellowknife Transportation Company announced one of their river boats, the Sandy Jane, will leave Hay River for points north as far as Norman Wells on Saturday, Oct. 7. Original departure date for the final trip was Oct. 3.

Following the trip to Norman Wells, the plans are to have the Sandy Jane return to Hay River with a final shipment of equipment and piping, and then to turn back again 80 miles to Mills Lake for the winter.

LAKE TRAFFIC

Meantime, freight and passenger service across Great Slave Lake will continue for at least a week more and probably longer. The Expeditor, which operates by regular schedule between Hay River and Yellowknife, has had the times of departure advanced two hours to take fullest possible advantage of daylight. It now leaves port at 10 o'clock in the morning instead of noon.

Yellowknife officials are confident that with favorable co-operation from the weatherman for the next two weeks, all urgent shipping orders will be completed before the boats are pulled into dock for the winter.

Alberta Co-ops Set Trade Record

Volume and Membership Totals Exceed Those of 1948

Alberta's 559 co-operatives and credit unions did $201,534,442 worth of business last year.

The volume was $14,000,000 bigger than in 1948, the annual report of the co-operative and credit union branch of the department of industries and labor shows today.

Membership in the groups totalled 269,235 as against 251,045 the previous year.

Big gain of the year in number of units was inclusion of 110 rural electric associations on the list. The units had membership of 5,351, with assets valued at $4,814,733.

Seven grain and seed co-ops topped the list for gross business with total of $109,874,609. Membership was 84,378.

CO-OPS CLASSIFIED

Also listed were nine feeder co-ops with membership of 739 and gross business of $937,416; 13 dairy and poultry units with membership of 76,639 and gross business volume of $25,452,007; 14 consumer co-ops with membership of 52,463 and business total of $21,475,737; and 41 livestock units with 19,126 members and $39,440,709 business total.

Credit unions, with membership of 27,341 for 206 units, handled business of $3,477,052, the report also stated. Figures for the previous year showed membership of 24,761 and $2,754,686 handled.

Total assets for all units was over $39,000,000 as compared to previous years $30,908,000.

Students Elect Treasurer And Radio Director

Stuart Knop, of Calgary, third year commerce student, was appointed treasurer of the University of Alberta Students' Union at the first fall meeting of the students' council last night.

He succeeds Conrad Ioanidis.

Other appointments approved last night installed William Egbert, third year law student from Calgary, as music association representative on the council, and James Redmond, 10039 - 105 street, as campus radio director.

Assisting Redmond, who is in second year pre-law, will be David Macdonald, 5865 - 111 street, second year arts.

The average Londoner travels 1939 miles a year on 479 train rides on British railroads and subways, a gain of 50 per cent over last year due to living farther from his work, attending more sports events and having more money to spend.

Dealer Meet On Friday

New 1950 Connor Automatic washing machine will be introduced in Edmonton at a special dealer sales and service meeting in the Macdonald Hotel, Oct. 6 and 7.

The new model features "a completely new approach to the household laundry problem," R. L. Cummins, western sales manager for J. H. Connor and Son Ltd., stated.

He will be accompanied on a visit to Edmonton by E. W. Sullivan, factory service manager, and will be assisted in demonstration of the new model by N. E. Paterson, Edmonton, and D. Heck, Calgary, northern and southern Alberta representatives for Connor.

The meeting in this city is part of a cross-Canada tour.

King Edward Park Church Near Completion

The new $18,000 Church of Christ in King Edward Park is expected to be completed by the end of this month.

The new church, which is nearly three times the size of the one now in use, will be one of the most modern in the city.

The old church will be moved to some point in the country after the new one is occupied.

James M. Phillips of Turlock, California, will be associate minister of the new church.

Jewish Lodge Meets Here

Approximately 60 delegates from nine B'nai Brith Lodges of Alberta and Saskatchewan will this year attend the annual convention to be held in Edmonton at the Macdonald hotel on Sunday and Monday, Oct. 8 and Oct. 9.

Nissen Gross, of Chicago, from the Chicago B'nai Brith Lodge will be guest speaker at the Jewish service club gathering.

Clay tile work surfaces are now going into 19 per cent of the kitchens in new homes costing $6,000 or more.

New Swimming Pools

The proposal made to the city council that swimming pools should be constructed on a local improvement basis has the merit of expediency.

Theoretically, the burden of supplying new pools should lie upon the city as a whole and not upon single communities for the simple reason that people come from all parts of the city to use these pools.

From the standpoint of utter fairness, the residents of Calder, for example, should not be asked to pay for a pool which is used by children and adults living in any other West End area or any other area in the city.

The suggestion would be completely just only if every community in Edmonton was prepared to finance its own pool.

But sometimes meticulous justice has to give way to necessity.

And new swimming pools are needed so badly in Edmonton that the local improvement method of securing them is infinitely better than no method at all.

During former Mayor Harry Ainlay's term of office, a determined effort was made to secure new pools. Mr. Ainlay declared that three new pools were an absolute necessity. The Bulletin raised that estimate and declared that a city of Edmonton's size should have no fewer than a dozen public pools.

We still believe that 12 is the minimum number required and that 15 would be better.

But council does not seem to be able to get even one.

Parks Superintendent A. C. Patterson requested this year that $150,000 be set aside for a single pool. The commissioners vetoed the request.

Obviously, with money bylaws mounting up as they are and with the determination of commissioners to give new pools a low priority rating, the local improvement system offers the only possible means by which these agencies of health and wholesome recreation can be secured in the near future.

It has been calculated that, on a local improvement basis, pools could be built anywhere on a community assessment of two dollars per family per pool over a period of 20 years.

The charge is certainly not excessive. As a measure of expediency, it has much to commend it.

And Nothing Can Be Done About It

Information On Game Birds

With the idea of gaining additional information about the diseases and feeding habits of Alberta game birds, Professor William Rowan of the department of zoology at the University of Alberta, has appealed to hunters to co-operate with the university during the open season on upland birds.

There is, for instance, a parasite which infests the breast muscles of prairie chickens. Professor Rowan would like to have as many samples as possible of these diseased breasts.

He asks, too, for central tail feathers from sharp-tailed and ruffed grouse to further a survey being made.

Crops of game birds containing food items are also useful to determine the feeding habits of the various species.

Professor Rowan writes:

"Any records of the behavior of the birds, if unusual, or other notes of relevant interest on numbers, etc., will be received with appreciation."

Since the investigation by university experts of all these points is designed to protect and improve the birds, it is in the interest of every hunter to co-operate in every respect with what the university is trying to do.

This co-operation will result in better hunting in years to come.

Excellent Choice for Civil Defence

The selection of Lt.-Col. Ted Brown as head of all internal civil defence plans for all provincial government departments and services will be warmly applauded by all who are acquainted with that capable officer's experience and ability.

Lt.-Col. Brown, who is now taking instruction on civil defence in the east, has had a distinguished military career and enjoys a military prestige that will facilitate his close co-operation with the armed forces.

As a long-time citizen of Edmonton, he is intimately acquainted with the city and its requirements.

But most valuable of all in this new post are his knack of getting along with people, his capacity for friendships, his ability to co-operate and the fact that he is well-liked and highly respected.

A scientific technique for dealing with exigencies which might arise in case this country were attacked is, of course, the vital qualification of a man to head civil defence.

But almost equally important is the personality of the man himself.

An officious, bumptious and domineering civil defence leader could do more harm than good. For civil defence is a delicate undertaking that requires tact as well as knowledge.

Lt.-Col. Brown qualifies as highly as a man as he does as an expert.

His choice is an excellent one.

Transit Workers Are Reasonable

Details of the new wage agreement between the Edmonton Transit System and its employes are unimportant beside the fact that the agreement has been reached without unpleasantness and interruption of service.

Negotiations have extended over a full nine months and, when such dealings are unusually prolonged, there is always the danger of impatience and high feeling on either or both sides.

This present peaceful settlement, then, should be a relief to every citizen who uses the Transit System as it must be to every employe concerned.

The negotiations, while extensive, have never been bitter, although at one time the differences made it appear as though the matter would have to go to arbitration.

Good sense and reasonableness have won out.

And the transit workers are to be congratulated upon an attitude that has been in the best interests of the whole city.

ODDS AND ENDS

By Harold L. Weir

Best Part of Going Away Is Getting Home Again

One of G. K. Chesterton's admirable essays is about a man who lived in Twickenham, or some such place, and who planned to take a trip.

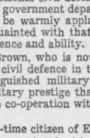
He was busy chucking his clothes into a bag when a friend came in and asked him what he was doing.

He said he was going away.

"Where to?" the friend enquired.

"I'm going to Twickenham," said this man.

"But how can you go to Twickenham?" asked his friend, "when you already are in Twickenham?"



WEIR

And then Chesterton proceeded to explain how the eventual end of any journey is its starting place; how man is made of the dust and goes back to the dust; how he comes from God and returns to God; and how even the ultimate destination of a holiday trip is home because every voyage abroad makes home dearer to the traveller.

I am tremendously fond of that little essay and I have referred to it upon practically every occasion I have gone on a vacation journey.

And I think I should be false to the very spirit of that essay if I failed to refer to it again.

Home Beat

Well, there it is.

Something more than two weeks ago, I set out for Edmonton. And now I have arrived in Edmonton.

I have arrived in Edmonton by a rather roundabout route since I detoured through various Pacific Coast cities.

But I have arrived much more surely than I would have had I merely taken a Number 5 bus because one of the truest things ever said is that "The longest way round is the shortest way home."

And I suppose that is exactly what Chesterton had in mind when he wrote about the man in Twickenham who left Twickenham to get to Twickenham.

A man learns to love his own city and his own home, not by contemplating his own city and his own home, but by contemplating other cities and other homes.

It is not entirely a matter of contemplating other cities and other homes.

It is not entirely a matter of comparison, although comparison has a great deal to do with it.

I might, for example, learn to appreciate Edmonton's moderate summers by sweltering for a season in the humidity of the East.

I might acquire a new fondness for Edmonton's mellow autumns by groping my way, for a week or so, through the pea-soup fogs of Vancouver.

But this business of reaching home by going away from it is something more subtle than that.

Rather, it is somewhat akin to that mysterious process by which one acquires a passionate fondness for a battered old hat or to that strange phenomenon of nature by which the butterfly instinctively knows that one certain leaf out of all the leaves in the world is the place where its eggs must be deposited to propagate the race of butterflies.

Mighty Magic

The truth is that there is a propitious magic in the word "home" that cannot be defined in phrases nor beaten into words.

The square peg may be aware of it as, after experimentally tipping into various circular apertures, it slips at last with a sigh of content into its own square hole.

But I venture to doubt if that square peg would be fully conscious of the ecstasy of finding its own proper place had it not first stumbled among the octagons polygons and triangles of a far country.

* * *

And so you board the homeward train in Vancouver on a mild autumn evening and wave farewell to the ocean and the fascinating waterfront and the Lions that guard the city and the sun going down across English Bay.

You ride eastward through the moonlight and pace through the train and pause between coaches to sniff a bit regretfully at the salt tang of the sea that grows fainter as you travel inland.

Next day you move through mountains whose majestic impact jars the senses and by turbulent streams whose rushing waters delight the eye.

And then, towards evening, there is a new sharp smell in the air, the perfume of dry fields and rich fallowing soil.

You crane your neck to see the first familiar buildings. And then the train grinds to a stop and you come into a world that is your own intimate world in which every corner and cornice is dear to you.

And you are home—much more home than you were before you went away.

Letters to the Editor

How To Pronounce It

Editor, Bulletin.—On the subject of the pronunciation of the word Newfoundland may I quote from a 1946 number of Observer's Weekly, Newfoundland's national weekly:

"So today the formal pronunciation of Newfoundland calls for three 'connected-separate' words with no special accent on any of them. However in conversation Newfoundlanders have a tendency to slur the middle syllable and it comes out NEWFeLAND."

In commenting on this matter, Premier Joseph Smallwood said the word should be pronounced "New-fun-land, with the accent on the last syllable as in the word un-der-stand." Recently when Barbara Ann Scott was visiting St. John's she was instructed as to the proper way to say the word, and her voice came over the air as in the rendering by the Premier and using his comparison to the word understand.

While residing there till my 20th year, four years of which were in St. John's, I heard nothing except New-fun-land, which I consider the correct pronunciation for every man.

Reply To Mr. Pepin

Editor, Bulletin.—Having been out of town, I have just now read the letter of Mr. Gedeon Pepin which appeared in Sept. 21st Bulletin in which he takes Mr. Weir to task for some of his remarks.

Now, to my mind, Mr. Weir is quite capable of conducting his own defence so this letter is merely to express my opinion of many of the things Mr. Pepin said to which I take objection.

Mr. Pepin says that "O Canada" is the national anthem of Canada though he doesn't say how it came about. In addition he states that the tune is very melodious and I admit this may be true but it is not stirring like the "Marseillaise" and for anyone who is not a fair singer it is almost as difficult as the "Star Spangled Banner."

He goes on to state that "God Save the King" is a nice national anthem but that it belongs to England. Can he explain why it belongs to England?

To my mind it is fitting for any monarchy and I understand that in the past it has been used by several of the European monarchies.

The greatest democracy in the world has seen fit to adopt its tune. Why isn't it fitting for Canada to sing "God Save the King" for they do have a king in spite of the Anglophiles.

In another place he says "We do not need England to dictate to us." How can a man who apparently has the education Mr. Pepin has make such a statement. He must know that it is ridiculous to say that England dictates to us.

He says that Canada is under the British flag and by this remark implies British rule (He is wrong here for we are not under British rule, we merely fly the flag as a full fledged partner in the British Commonwealth of Nations) because Great Britain conquered French Canada by force in 1759. He neglects to mention that a little force was used by the French before that to conquer the Indians.

An example of the pot calling the kettle black. He then goes on to say that as his ancestors came to this country over 350 years ago he is a true Canadian. To that I say "Bah." He has no more right to call himself a true Canadian than any child who was born in this country of European immigrants. We are all intruders in the land of the North American Indian if we want to be technical.

I would like to write my last paragraph in a similar style to Mr. Pepin's last paragraph. I am not critizing any French-speaking citizen of this country as an individual. As individuals I found these people friendly and courteous and extremely nice people to meet and people you could respect. It is when they are organized and their organizations practice intolerance and disunity that I take objection.

It is their organization's eternal and relentless striving for power and abuse of that power when gained. It is their insistance upon retaining their ties with Europe while denying the English speaking citizens a similar privilege. The English-speaking ties are only sentimental.

However, I think the mistakes of nations in the past should be forgotten and that we should all work for the welfare of Canada today and in the future. I am in full accord with the severing or our European ties and I say let us sever all our European ties. You can't honestly say that Mr. Pepin. You want it both ways.

REGULAR READER.

Sliced Bread

Editor, Bulletin, — Suddenly sliced bread why?

I realize that there are perhaps just as many citizens in Edmonton that like sliced bread. Among these no doubt are the people that are in charge of the kitchens of the restaurants. Why is it though that we seem to have very little and in some cases, no choice in the matter at all.

In our district, it is at times absolutely impossible to get any other kind of loaf, even by phoning first thing in the morning and placing an order with our little community store. Believe it or not there are some mornings that this store get nothing else but sliced bread, giving the customer no other choice even by changing the brand that they have probably been using for years.

Surely there is some means of finding out how many people like either type of loaf or distributing equal numbers of each type to the local stores thus giving the customer a choice either in person or by phone order.

Granted sliced bread may be a time saver for many people but it definitely makes thinner sandwiches thing of the past. Also for a small family this type of loaf does not seem to keep as fresh.

How about it Bakers, give your old customers a fighting change to get the bread they have been buying for years and their choice either sliced or unsliced.

Rosy cheeks for apples?

Science says "yes." There is a method just disclosed by Cornell's Agricultural Experiment Station. It has not yet been developed commercially.

The new spray has a long name—sodium diethyldithiocarbamate. In itself doesn't add the color; the red pigment in the apple still does that. The spray merely increases the production of this pigment, anthocyanin.

THE DOCTOR SAYS

By Edwin P. Jordan, M.D.

Sleeping Pill Deaths Up Alarmingly

The sleeping pill problem is serious. The number of deaths in the United States from this cause was 454 in 1943, 520 in 1944, and 795 in 1945. In New York City alone 197 died from overdoses of sleeping pills in 1945.

This is a shocking situation and, although many states and cities have adopted laws prohibiting the purchase of sleeping pills except with a doctor's prescription, the situation is still not good.

Most of the sleeping pill drugs consist of various combinations of a chemical substance known as barbituric acid, though they are sold under a large variety number of trade names. Although they have valuable uses in medicine, their misuse is so common that they should not be taken at all unless absolutely necessary.

Promptness Important

Sleeping pill deaths are caused by acute poisoning. This in turn is the result of taking too many pills at one time, sometimes accidentally. Prompt treatment is important and would probably save many lives.

Some people are especially sensitive to the barbiturate drugs. Such persons can get reactions from only small quantities. It is also a matter of concern that some people become addicted to barbiturates; that is, they develop a habit and liking which is difficult to throw off and, of course, may produce harm if it is not.

Most people who develop the barbiturate habit do so because they have been using the pills for sleeplessness. The habit usually takes several months or even years to become established. A few people are successful in stopping after using the sleeping tablets for less than a month.

Sleeping Pills Habit Grows

Those who are in the habit of taking sleeping drugs find that they have to take larger and larger quantities and that even then the results become less and less successful. Besides developing a harmful habit they may be chronically poisoned. One woman, for example, who had taken barbiturates for several months became mentally incompetent, lost control of her elimination, lost weight, and had to be fed with a spoon.

Sleeping drugs should not be taken like water. They act on the nervous system and on other parts of the body. They should be avoided, except when there are definite reasons for using them. Even then the use of sleeping pills should not be continued without the advice of a physician who is thoroughly familiar with the individual problems for which they are being used.

Elmore Philpott

Should Minister Be Company Director?

At their pending B.C. convention, the Progressive Conservatives will deal with an issue which is important to all Canada.

It is this:

Should a cabinet minister remain a director of corporations which do big business with the government of which he is a member?

British Columbia seems to be the only part of the British Commonwealth where there is any doubt about the answer. It took a long and painful struggle to disentangle private business from responsible democratic government. But for many decades now —indeed, for many generations— the principle has been established.

1906 Ruling Established

In 1906, the British government ruled that

"All directorships held by ministers must be resigned except in the case of honorary directorships in connection with philanthropic undertakings."

In 1924, the British Labor government not only upheld this long-standing British tradition. It made it apply also to high positions in the trade union movement. In 1926, the Conservative Prime Minister, Mr. Baldwin, remarked that the rule laid down in 1906 had become a fixed principle.

In Canada all the famous-name leaders respected and deepened the principle.

Sir Robert Borden resigned all directorships when he became prime minister. Mr. Meighen did likewise. Mackenzie King was a stickler for observance of this principle, not only for himself but for all his fellow cabinet ministers.

The great Laurier not only refused to establish this and similar principles. My old chief on the Toronto Globe, Harry Anderson, told me of some of his trips with Laurier on election campaigns.

Even when presents of food or drink were sent to their special train, Laurier graciously but firmly returned them, on the ground that the senders might later want to sell something to the nation through the government.

R. B. Bennett Statement

A great conservative and a great Libera', both Canadians, are on record in this matter with clarity and convincing force.

When R. B. (later Lord) Bennett was elected Conservative leader, he said:

"I have only one word to say . . . I must renounce all those things I have held most dear. . . . No longer can the claims of my profession, or of my business, be upon me. These I must put behind me, for I realize, as was said by Bacon, 'that the law is a jealous mistress,' so political leadership is a jealous mistress and a man may not serve two masters or mistresses either."

In an historic debate on this very matter in 1921, the great Liberal Speaker, Sir Rodolphe Lemieux, said:

"It is in the interests of ministers of the Crown and of good government and of good administration of Parliament that public opinion should be satisfied that there are no conflicting interests between ministers of the Crown and any directors of private concerns. Why it is obvious that any day of the month a minister of the Crown who is in charge of a large spending department might be put in a very awkward position as between his fiduciary interests as a member of a board and his public duties on the other hand."

MENTAL REARMAMENT

Freedom of the West Begins to Fight Back

By WILLIAM H. STRINCER

We are just beginning to realize, to think through—to uncover is perhaps the best term—the real values of democracy, freedom, and brotherly fraternity. And the wealth and strength to be derived from right concepts of individuality.

As for Britain, Britain itself seems safe enough from Communism. At the worst of war, the British Government would have to deal with sporadic sabotage. The sabotage-caused explosion of ammunition barges at Portsmouth was an alerting sign.

But the "sense of grievance" among British workers is not nearly so high as on the continent. Postwar wages have improved, even while living costs rose. The workingman has had his own Labor government for five years. Beyond this, his good sense and his Christianity are barriers against mass Communist exploitation.

So although the Communist Daily Worker may vant and rave and be read by all too many Britons, Soviet author and publicist Ilya Ehrenburg was all wrong if he said to his left-wing friends what he is alleged to have said on his recent visit to London—namely, that "the British people are unable to fight and win another war, but they don't realize it yet."

Britain Wholly Reliable Ally

Britain stands as a wholly reliable ally of the United States, as a sturdy member of the free world's community of nations. Yet there are a left-wing group of intellectuals and a pacifist fringe of the trade-union movement and a still embittered segment of the nation, whom the Communist seizure of Czechoslovakia did not awaken and who are still hemming and hawing and splitting hairs over Korea.

Meanwhile, Britain, as the hub of a vast commonwealth and empire, is brought to trade and commitments directly into those mental battlegrounds of Asia and Africa where democracy and western concepts of freedom are by no means so briskly victorious as they are in Britain and the United States.

India is a member of the commonwealth—India, where Prime Minister Jawaharlal Nehru has heard big talk about Point Four aid but has noted that the American Congress has voted only dribbles. India, Pakistan, and Burma in turn are deeply concerned about American hostility toward Communist China. A great Asiatic people is being snubbed out of United Nations councils, in their view.

Very fortunately and out of great wisdom, Britain has freed India, Pakistan, Ceylon, and Burma. That act of statesmanship was the greatest setback of the decade for Communism in Asia. Britain has carried on consistently since. Consider what a wonderful dividend to the West arising from this!

In chaotic Burma the government's own troops, native Asiatic troops, are fighting the Communists whereas in Indo-China nearly it is white European troops —French troops—who are compelled to fight the Communists.

But the great battle for the mental allegiance of mankind begins closer to home.

In books, newspapers, and periodicals and where men gather to discuss issues of the day and in quiet consciousness here and there old concepts—even of freedom and democracy—are being reappraised. And there also is gradual awakening to the ruthlessness, the cunning, and the evil's to infiltrate every avenue of activity which Communism today presents.

Smiles

A traveller seeking advertisements for a country magazine called on the village grocer.

"Nothing doing," he was told. "Been established eighty years and never advertised."

As he started to leave, the traveller said: "Excuse me, but what is that building on the hill."

"Oh, that," said the grocer, "is the village church."

"Been there long?" asked the traveller.

"Yea," said the grocer, "300 years."

"Well," replied the traveller, "they still ring the bell."

Sandy joined a golf club and was told by the professional that if his name was on his golf balls and they were lost, they would be returned to him when found.

"Good," said the Scot. "Put my name on this ball." The pro did so.

"Would you also put M.D. after it?" asked the new member. "I'm a doctor." The pro obeyed.

"Now, just one more thing," went on the Scot. "Can ye squeeze 'Hours 10 to 8' on as well?"

Pipe Layers "Slighted" Says Berg

The "actual builders" of the Edmonton-Regina stretch of the interprovincial pipe line from Edmonton to the Lakehead were "slighted" at yesterday's grand opening ceremony, labor leader Carl Berg said in Edmonton today.

Berg said in the rush of "officials, superintendents and contractors to congratulate one another," the men who dug the big ditch and laid the pipe "were forgotten men."

"The speeches can be searched in vain for any mention of the actual builders," Berg stated after attending yesterday's ceremony at the Edmonton pumping station of the pipeline "I was bitterly disappointed."

The 1,500 men who worked on the pipeline project are members of Trades and Labor Congress of Canada unions or affiliates.

Berg is national vice-president of the congress and secretary-treasurer of the Building and Construction Laborers International Union, Local 92.

RULES WAIVED

He said the unions had given permission for the men to work overtime, waiving the hours of work regulations so the pipeline could be sped to completion.

The labor leader said he thought the "real heroes" of the pipeline were the welders, pipefitters, machine operators, roustabouts, "dope gangs" and the "hundreds" of laborers.

"They worked in frost and mud and water for long hours under the hot summer sun," he said, "to do the job not only in record time, but actually in 10 days less than was expected."

"Their physical endurance was remarkable," he said.

Prime Minister Pays Tribute To Newsboys

PETERBOROUGH, Ont., Oct. 5.—(CP)—Newspaper carrier boys are playing an important part in maintaining an essential service to the community, Prime Minister St. Laurent said on the eve of National Newspaper Boy Day Oct. 7.

In a letter received by H. B. Cowan, Jr., circulation manager of the Peterborough Examiner, the prime minister extended good wishes to these boys "who can well be proud of the part they are playing not only in the business life of our country but also in keeping Canadians well informed."

"A well-informed people is one of the greatest bulwarks against forces which are hostile to our democratic way of life," Mr. St. Laurent said.

Meteor Explodes Over Kentucky

INDIANAPOLIS, Ind., Oct. 5.—(AP)—A brilliant, blue meteor flashed westward across the early-evening sky in the South and Mid-west States last night, exploded over Kentucky and vanished.

All witnesses agreed on its unusual size and blue color, and most reported it had a flaming tail.

SEVEN MILLION DOLLAR industry may result from work of chemical engineering graduate student William Wanat. He is building new type of highly efficient furnace to make carbon black from natural gas. At present all carbon black is imported from U.S. Research is sponsored by Alberta Research Council.

Work of Student May Yield Carbon Industry

By Stanley Burke

A $7 million industry may result from research work of a young student at the University of Alberta.

Chemical engineering student William Wanat is busy these days assembling a small-scale pilot plant designed to manufacture carbon black from natural gas. If his experiment proves successful, it could mean an industry in Alberta turning out 50 million pounds of carbon black annually at a value of $7 million. At present all supplies of this valuable commodity, used mainly by the rubber industry, must be imported from the U.S.

The experiment, which is being conducted by the young graduate student under the sponsorship of the Alberta research council, poses a tough problem. To permit a plant in Canada to compete with those in the U.S., the process must be highly efficient. In addition, it must be flexible to permit manufacture of several different types of carbon black.

CANADIAN NEEDS

"In the United States the demand is sufficiently high that they can design a unit to turn out one particular type of carbon black," explained Wanat. "Here in Canada, we must be able to make all types with one process—and make them cheaper and more efficiently than they do in Texas."

Manufacture of carbon black in Alberta has often been considered, but permission has never been granted because present methods are highly inefficient and wasteful.

"We hope this process will prove about 60 per cent efficient," the engineer stated. "That would be double the efficiency of the best of the present methods."

Efficiency would also have to be high, he pointed out, to enable Alberta manufacturers to compete with Texans, whose freight haul to eastern Canada is approximately the same. In addition, the Texans would initially have the added advantage of lower freight rates. It is believed, however, that an Alberta manufacturer would be able to negotiate better freight rates.

LARGER UNIT TEST

The method to be used at the university was developed by Dr. L. M. Pigeon of the National Research Council in Ottawa and was successfully used in the laboratory. It has never been tested on the pilot plant scale, however.

"The method involves heating natural gas in a ceramic tube inside a gas-fired furnace," Wanat explained. "This will cause the gas to decompose into its constituent parts of carbon and hydrogen. The carbon will be collected in bags and the hydrogen will be burned in the furnace."

Other methods involve burning the natural gas in an open oven where much of the carbon is lost.

Only carbon black of the type used in the rubber industry would be manufactured. The material is used by the industry to toughen rubber products.

Other experiments are also being conducted at the university attempting to synthesize products from natural gas. No results have been released.

Howe Denies Pressure Of Alta. for Gas Export

Trade Minister C. D. Howe denied last night he had tried to put pressure on the Alberta government to make a quick decision on allowing natural gas exports from the province to the Northwestern United States.

The federal minister, who was in Edmonton for a ceremony opening the Regina-Edmonton leg of the Inter-Provincial Pipe Line, was questioned in an interview about a letter he had written to the Alberta government's Mines and Minerals Minister N. E. Tanner.

The letter referred to word he had received from the United States Munitions Board to the effect that the northwestern states were short of fuel and if they could not get it soon from Alberta, they would get it from Texas.

"I simply got a letter from the Munitions Board asking if gas was available and wrote to the Alberta minister for the information. That is the only interest I have," he said.

"I have no attitude on gas exportation," Howe added. "The decision is one for Alberta to make, and their decision will be satisfactory to me, no matter what it is."

Storm Loosens Logs from Boom

BLIND RIVER, Ont., Oct. 5.—(CP)—It was sawlog roundup time in the north channel of Lake Huron today as several tugs and commercial boats recovered most of 10,000 logs which broke away from a boom in a storm.

Officials of the J. J. McFadden Lumber Company, who placed the value of the timber at $50,000, said loss will be small.

Pakistan Invaded By North Troops

Afghanistan Tribesmen Said In Possession of Bogra Pass

KARACHI, Pakistan, Oct. 5. — (AP) — Pakistan announced last night that her northern borders had been invaded by Afghanistan and that fighting has taken place.

A defence ministry communique said a large Lashkar (army) of Afghanistan tribesmen and regular troops last Saturday crossed the border in the Dobandi area about 30 miles northeast of Chaman.

The invasion point is about 450 airline miles north of Karachi, Pakistan capital.

The communique said the invaders occupied Bogra Pass. They met opposition when engaged at the foot of the pass Monday by "civil armed forces" of Pakistan.

INVADERS FALL BACK

The invaders fell back when regular armed forces of Pakistan came to the aid of the civil forces, the communique added, and now are being pursued by both civil and military units with support of the Royal Pakistan Air force "with the object of expelling them from Pakistan territory.'

Pakistan and Afghanistan have been engaged in a "little cold war" for the last two years over Pathanland, a long stretch of barren hills extending from Pamirs to Baluchistan and claimed by both countries.

The communique said the objective of the invaders was to seize the strategic Quetta-Chaman railway in the Khojak area. Quetta is the chief town in Baluchistan, with a population of about 36,000. It is 380 miles north of Karachi.

Employment Sessions Here Are Concluded

Three-day session of National Employment, regional and local employment committees in Edmonton wound up yesterday with delegates attending official opening of the Edmonton-Regina stretch of the interprovincial pipeline.

Rt. Hon. C. D. Howe, minister of trade and commerce, was present at opening of the NEC's business session yesterday.

He expressed his appreciation of work done by the various employment committees in making recommendations on national employment to the Unemployment Insurance Commission.

Chairman of NEC, Judge W. J. Lindal said the committee's reports on seasonal employment, training and re-training of labor and extension of unemployment insurance coverage would be made to the federal government soon.

Minister Invites 1,000 to Reunion

BOWLING GREEN, Va., Oct. 5.—(AP)—Rev. Lacy M. Ritter, who has married 507 couples, has invited them all to come here Sunday for a "honeymoon special" re-union—to celebrate the marriages and his 35-year pastorate at the Bowling Green Baptist Church.

'GOOD NIGHT IRENE' GOOD ONLY FOR HER

CARTERSVILLE, Ga., Oct. 5—(AP)—A group of sleepy citizens has had too much of "Good Night Irene."

The group yesterday petitioned city council to force a drive-in cafe operator to unplug his juke box—equipped with an outside speaker—every night at 10 p.m.

"We've been putting Irene to bed every night until midnight for months, complained the petitioners. "Now we'd like to get some sleep ourselves."

Two Weeks Seen Necessary For Gas Evidence

Oil pipeline companies and others concerned with the export of natural gas are expected to require two weeks to enter evidence on Alberta gas reserves at the Alberta Petroleum and Natural Gas Conservation Board hearing in Calgary.

The special hearing, called by the board, will open Oct. 30. Companies seeking Board permits to export gas have been invited to submit evidence on the volume of Alberta's gas reserves. Alberta Power Commission and the Research Council of Alberta will also submit briefs to the board dealing with gas reserves.

Stephen Foster Memorial Opened

WHITE SPRINGS, Fla., Oct. 5.—(AP)—A memorial to Stephen Foster was dedicated yesterday on the banks of the shady Suwanee river.

The strains of "Way Down Upon the Suwanee River" drifted over the water as Mrs. Jessie Welsh Rose, the minstrel's granddaughter cut the ribbon across the entrance to the memorial building.

Talkative Radio Men Guide Planes Home

OTTAWA, Oct. 5 — (CP) — They're "talking" planes down out of zero-zero visibility weather at Ottawa's Rockcliffe airport now.

The big RCAF station here has officially acquired GCA — Ground Control Approach.

Rockcliffe has had it for a time, but now it's been given the official okay, the latest big airport to get the "blind flying" method of safely guiding a pilot home out of murky skies, where he can hardly see his own wing tips.

Radar is the secret of GCA. In an enclosed and darkened truck unit parked beside the runway, operators watch the plane on a radar screen. By verbal instructions via radio, they can bring him right over the runway only 50 feet up—from where he can proceed to make a normal visual landing.

The radar boys can even tell the pilot when his wheels are on the ground—in case he didn't feel the bump.

GCA is already installed at Air Force bases at Fort Nelson, B.C., Edmonton, Greenwood, N.S., and Chatham, N.B. Units are being set up at Centralia, Ont., and Summerside, P.E.I.

The smooth-talking, ad-libbing broadcasters who man GCA are the pilot's favorite radio announcers when he's upstairs in the soup.

Should a pilot not hear from GCA for five seconds while coming in on a "talk-down," he has standing instructions to get back upstairs. Thus the operators have to keep talking — "You are right on the flight path — You're course is 270 degrees — your rate of descent is 500 feet a minute."

Normally a pilot gets landing instructions from the airport control tower. But as it's soupy he calls up GCA on one of a number of radio frequencies and asks verbal guidance in.

PO. A. T. (Guy) Mather of Vancouver is the officer in charge of the Rockcliffe installation.

Other personnel include Cpl. Phil Nutter of Moncton, N.B., the NCO who is incharge of technicians; LAC. Don Beaupre, Bonnyville, Alta., and LAC. J. F. (Mac) McLeod of Calgary.

Engineer Blamed For Rail Tragedy

WASHINGTON, Oct. 5.—(AP)—The Interstate Commerce Commission yesterday said engineer W. E. Eiler's failure to follow operating signals led to the railroad wreck near Coshocton, O., Sept. 11, which killed 33 Pennsylvania National Guardsmen.

The Pennsylvania Railroad's fast passenger train, "Spirit of St. Louis," plowed into the rear end of a special troop train. In addition to those killed, 278 were injured.

Eloper at 94 Dies In Montana

HAMILTON, Mont., Oct. 5.—(AP)—Mrs. Mary Jane Patterson Hayden, who at 105 was believed the oldest person in Montana, died yesterday of complications following a fall in which she broke a hip last week.

"Grandma" Hayden, born near Montreal in 1845, came to Montana with her first husband, Thomas Patterson, in 1899 from Minnesota. He died many years ago. At 94, she and John Hayden—in his late 70s—skipped a party to elope.

Fiery Nye Bevan Wins Ovation From Laborites

MARGATE, England, Oct. 5. — (AP) — Leaders who ordered a slowdown in new socialist enterprises won a complete victory for their policy in the Labor party's annual convention yesterday.

Fiery Health Minister Aneurin Bevan, generally pictured as the leading rebel against the go-slow policy, buried inner differences in the interest of party unity. In a rousing oration he too plumped for a cautious approach to nationalization of industry. It brought him a big ovation.

When the Welshman finished there was not a single vote against the party policy. Two left-wing resolutions criticizing the policy went by the boards without even being presented formally.

The party's statement of policy, "Labor and the new society," does not propose a single new measure of state ownership.

But both Bevan and the deputy prime minister, Herbert Morrison, declared more state ownership will come.

The document, said Bevan, "does not mean we have discarded anything at all."

THREE TASKS

Morrison specified that nationalization of the cement and sugar industries and mutualization of industrial life insurance still remain on the program but he would not commit the party to a specific time-table.

Bevan listed three major tasks for the Socialist government: To raise British living standards, to defend the country against armed attack, and to contribute to the economic and social development of the whole world.

Bevan argued that "world capitalism has already broken down" and cannot successfully carry out development of the world's backward areas. He appealed passionately for national support for the party's "world plan for mutual aid," as a long-term successor to Marshall Aid.

Dr. F. C. Fry Elected Head Of Lutherans

DES MOINES, Oct. 5.—(AP)—Dr. Franklin Clark Fry, New Rochelle, N.Y., yesterday was re-elected to a two-year term as president of the United Lutheran Church in America. It will be his fourth consecutive term.

Dr. F. Eppling Reinartz, also of New Rochelle, was re-elected secretary, an office he has held the last four years. Henry Beisler, Upper Montclair, N.J., was re-elected treasurer, an office he has had since 1944.

The election took place during the opening session of the 17th biennial convention of the UCLA, which opened for a nine-day conclave.

The 38-year goal of New Jersey Lutherans was achieved when the convention formally accepted the New Jersey synod as the 33rd synod of the church which has 2,000,000 members in the United States and Canada.

FIVE RECEIVED

Five associate synods in foreign countries were received as affiliated churches.

"This will indicate to the world and to ourselves," said Dr. Fry, "that these churches are independent, fully self-governing churches and no longer dependent upon us for support. They are now parallel churches with us."

Synods received as affiliates are located in Argentina, British Guiana, Japan, Liberia and Argentina.

Among the more than 600 delegates to the convention are 28 from three Canadian synods. They represent the Synod of Canada, Synod of Western Canada and Nova Scotia Synod.

Paris Honors Montreal Leaders

MONTREAL, Oct. 5.—(CP)—The largest French-speaking city in the world yesterday honored the second largest when a delegation from Paris presented specially-struck medals to Mayor Camillien Houde and the Montreal city executive council.

The Paris delegation was made up of passengers on the first trans-Atlantic flight by Air France Constellation between this city and the French capital.

'Y' Gets New National Chief

TORONTO, Oct. 5.—(CP)—John M. Pritchard of Montreal has been appointed president of the national council of the Young Men's Christian Association of Canada, J. A. Northey, chairman of the council's executive committee, announced yesterday.

He succeeds H. Jasper Humphrey, who resigned after holding the post since 1944.

A native of Winnipeg, where he joined the YMCA as a youth, Mr. Pritchard is president of McColl-Frontenac Oil Company, Ltd.

Indonesia Starts Anti-Rebel Drive

JAKARTA, Indonesia, Oct. 5. — (Reuters)—The Indonesian government yesterday confirmed it was taking "positive measures" against the "rebel" government of the South Moluccas, set up in Ambon.

In a cable to Prime Minister Willem Drees of Holland, Prime Minister Mohamed Natsir said his government had been "compelled with regret" to take action. Military sources Tuesday said an "all-out offensive" against Ambon has been launched.

U.K. Government To Share Losses

LONDON, Oct. 5—(Reuters)—In an unprecedented move to encourage exports, the government yesterday announced it will underwrite 50 per cent of losses suffered by dealers seeking to increase dollar sales.

The new system was described by government spokesmen as the most revolutionary form of export insurance in force anywhere.

LONDON—(CP)—Outside Prime Minister Attlee's residence, No. 10 Downing Street, carpenter Tom Davies had sharp words with a policeman on duty. Tom wanted to see the prime minister. He saw instead a magistrate and was fined for being drunk and disorderly.

State Control Said Setback For Medicine

WINNIPEG, Oct. 5 — (CP) — Dr. Norman H. Gosse of Halifax, president of the Canadian Medical Association, said yesterday the quality of medical care in Britain "has deteriorated sadly."

Addressing members of the Manitoba Medical Association at their convention here, Dr. Gosse claimed state control of medicine has turned back the clock of medical advance many years.

The position of the British doctor was "prostituted to the serfdom of unscientific practice." A doctor's time was taken up with so many cases which didn't need his attention that he had "no time left to work out difficult diagnosis." The general practitioner had to see from 60 to 100 patients a day.

SUPPORT URGED

He urged all Canadian doctors to back up the "Saskatoon Declaration" which set forth the association's plan for medical care in Canada. The declaration was made at the CMA convention in Saskatoon in 1949.

The two main principles: It recognized the government's place in taking care of the indigent; it expected other patients to assume personal responsibility "covering themselves with such forms of medical insurance as the profession in the several provinces has made available."

BEHIND PLATE and also behind eight-ball is comical William Bendix, star of Columbia Pictures' riotous "Kill the Umpire," which begins Friday at Rialto theatre. Hillarious comedy also stars Una Markel, Ray Collins, Gloria Henry and many others in large cast.

Gas Company Gets Right

BOISE, Oct. 5—(AP)—The Idaho Public Utilities Commission, in a split decision, today granted Trans-Northwest Gas Inc. a certificate to "construct and maintain trunk and lateral lines for transportation and distribution of natural gas into, throughout and across the state of Idaho."

W. B. Joy, commission president, in a dissenting opinion, said that the PUC order would grant the company exclusive right for distribution of natural gas throughout the entire state.

"The showing to serve southern Idaho from Wyoming fields is too weak to merit consideration," Joy said, "and the majority order, granting as it does exclusive right throughout and across the state of Idaho' is subversive to the Idaho public interest."

National C of C Starts Committees

MONTREAL, Oct. 5.—(CP)—The executive council of the Canadian Chamber of Commerce yesterday announced re-establishment of an immigration committee which will hold meetings in Toronto.

The council, holding its first meeting here since the national convention at Banff, Alta., also decided to set up an agriculture committee in Toronto, with membership to be drawn from across Canada.

Three Die For Ritual Murder

GEORGETOWN, British Guiana, Oct. 5—(CP)—Three natives—one of them a woman—were hanged yesterday after being convicted of the ritual murder of a seven-year-old child.

Kathleen Fullerton, 46, was the first woman to die on the scaffold here in 68 years. Hanged with her were her husband, Jeremiah, 49, and her brother, Eric Benfield, 30.

Deputy Defence Secretary Sworn In

WASHINGTON, Oct. 5.—(AP)—Robert H. Lovett took the oath of office yesterday as deputy secretary of defence.

Lovett succeeds Stephen Early, who resigned last month just before the departure of Louis Johnson as secretary.

Reprieve Sought For Collie Dog

OSHAWA, Ont., Oct. 5.—(CP)—Skipper, an 18-month-old Collie, yesterday was ordered destroyed for attacking a four-year-old child "and nearly taking his life."

The owner, William Blint, who said children had been throwing sticks at the dog, said he will appeal the decision.

Plant Mobilization Pact Takes Shape

Bilateral Agreement Signing Likely In Next Few Weeks

OTTAWA, Oct. 5. — (CP) — Canada and the United States are slowly drawing towards agreement on industrial mobilization planning, and signing of a bilateral pact likely will take place here within the next few weeks, a government source disclosed.

He indicated that External Affairs Minister Pearson may sign for Canada and that either State Secretary Dean Acheson or W. Stuart Symington, head of the National Security Resources Board, may sign for the United States.

Signing of the pact—outgrowth of months of discussion and a closed one-day meeting of the Joint Canada-U.S. industrial mobilization committee—will signify the beginning of a virtual integration of the economies of the two countries for defence against any aggression.

It will mean formal acceptance of a set of secret principles, agreed upon at the Aug. 8 meeting of the mobilization committee, which would clear the way for an unhampered flow of armaments across the international border.

The principles, though never made public, are believed to include:

1. Elimination of any legislation which would prevent comparatively free movement of armaments from Canada to the U.S. and from the U.S. to Canada.

2. Organization of a joint economic planning board to direct bilateral allocation and priority controls to make certain that strategic materials are channelled into defence production.

3. Prevention of discrimination in the movement of such strategic materials—that is, a United States defence manufacturer should get the same priority rights on Canadian copper or other items as the Canadian manufacturer.

The government here is hopeful that signing of the pact may accelerate the flow of defence orders into Canada. So far, though there are indications of vast orders to come, the flow has been limited to United States orders for guns to be produced at Sorel, Que.

Bendix Plays Role Of Much-Maligned Umpire

"Kill the Umpire," Columbia Pictures' behind-the-plate comedy of a constantly-behind-the-eight-ball diamond arbiter, opens Friday at the Rialto.

William Bendix is starred in this cinematic eulogization of what probably is America's most-maligned individual.

It's a far cry from his starring role in "The Babe Ruth Story" and there's nothing wrong with Bendix as an umpire that a seeing-eye dog couldn't cure.

Una Merkel, Ray Collins and Gloria Henry top the featured supporting cast, in which Bendix is seen as an ardent baseball fan, whose strident booing of decisions has gotten him tossed out of ball parks and more ball parks, while his too-frequent attendance at the games get him tossed out of job after job.

BUSINESS AND PLEASURE

Faced with an imminent domestic crises, with his wife planning to leave, Bendix takes a job as an umpire, thus receiving a steady salary and also an opportunity to see every game.

On the diamond he does alright—until one of his decisions leads to a near riot during a crucial game. Some team fans set out to kill the umpire or, at least, to tar-and-feather him, and Bendix goes through a hair-raising series of comedy encounters before one of the players involved can clear the air with his testimony.

Fans applaud lustily, but then immediately after the decision of the first pitch, angrily shout again, "Kill the Umpire."

Durum Wheat Quota Removed

WINNIPEG, Oct. 5.—(BUP)—The Canadian Wheat Board announced yesterday that all delivery quotas on Durum wheat had been removed.

The wheat board said producers may now deliver Durum wheat without limitation to the extent that space is available at their delivery points.

Farmers were cautioned to deliver the wheat at the point specified in their producers' permit book. They were also warned that the delivery must be entered in the proper permit book with the notation "Durum wheat."

Bing Crosby's Father Dies, 79

NORTH HOLLYWOOD, Calif., Oct. 5.—(AP)—Harry L. Crosby, 79, father of Bing, the singer, died yesterday at his home after suffering a heart attack.

Bing, who sped by car from his home in Pebble Beach, arrived at the bedside just before his father died. The father supervised Bing's fan mail.

Yukon Flouts Tradition, Decrees Plushier Bars

WHITEHORSE, Y.T., Oct. 5.—(BUP)—The face on the bar room floor had a pained expression last night.

In this land, where once revelled the fabulous characters of the Klondike gold rush of '98, the threat of plush-lined cocktail bars appeared.

What veteran prospectors were left of the boom days scowled behind their beards when they learned that Whitehorse and Mayo had voted in favor of going "fancy pants."

Whitehorse, with an average population of 1,500 (it declines before the "big freeze" each winter and increases in summer) voted 657 to 132 in favor.

Mayo, a mining centre of 500, voted 113 to 11 in favor in a plebiscite held by officials of the territorial government.

Word of the outcome at Dawson City was awaited. Dawson, which boasted a population of over 30,000 in the gold rush days, and now had no more than 1,000, was expected to join the "yes" vote.

Those oldsters who could recall the uproarious gold rush days of wide open bars, straight whiskey, and smoke-filled dance halls, looked scornfully toward Yellowknife, North We t Territories.

It was at Yellowknife that the north country first got a cocktail lounge. A plush affair was established there in Dec., 1947, and ever since, the clamor for cocktail bars has been on in the neighboring Yukon.

Only a few bars would be established at first in the Yukon, according to Gordon Lee, member of the Yukon legislature. He also promised bouncers would be on hand to take care of any old timers "thinking they are reliving the rowdy days of yesteryear."

Canadian Mail Deadline Given

VICTORIA, B.C., Oct. 4—(CP)—Fleet mail office at Esquimalt announced today Christmas mail for the Canadian destroyers operating in the Korean war zone will close Nov. 25.

Parcels should not exceed 6½ pounds in weight. These will be flown to Korea by RCAF North Stars based at McChord Field, Wash. Large parcels will be routed by surface ship.

Friends and relatives of the men aboard HMC Destroyers Cayuga, Sioux and Athabaskan are advised to mail their Christmas parcels as early as possible, as a sudden last-minute rush might over-burden existing space aboard the planes.

The cucumber arrived in the New World with Columbus and was planted in Haiti in 1494. It spread so quickly that 46 years later De Soto noted that the Indians of Florida were growing cucumbers "better than those of Spain."

Esks Plan UofA Nite

By DICK BEDDOES

Final home game of the Eskimos —against Calgary Stampeders on October 14—will be Varsity Nite at Clarke Stadium.

On that occasion, students from the University of Alberta will stage a mammoth football parade, complete with floats, bands and cheer leaders. The parade will originate on the campus and wind up on the stadium's half-mile cinder track.

Plans are being formulated to have Dr. Andrew Stewart, recently appointed U of A president, boot the first kickoff. If details can be ironed out, the ball will be lowered from a helicopter onto mid-field.

A block of a 1,000 seats will be made available to college students at special reduced rates.

The Varsity Nite stunt was dreamed up by Students' Union president Mike O'Byrne and Pete Lougheed, Eskimo halfback who is also secretary of the O'Byrne regime.

★ ★ ★

Lougheed and 32 other Eskimos will leave for Regina tonight, preparatory to playing the Roughriders on Saturday. Three injured players —Doug Pyzer, Earl Vallquette and Don Simon—will make the safari to Regina and Winnipeg.

Departure time is 10 p.m. from the CNR station.

A coach load of green-and-gold supporters will travel with the club, same of same being Ron Clements, Joe Shoctor, Henry Singer, Moe Leiberman, Walter Sprague, Roy Halliburton and George Snowden.

★ ★ ★

Eskimos drilled last night, working on several new plays to counteract the overshift which opposing clubs use against their offensive formations.

★ ★ ★

Members of the We-Gi-Oui-Hunting-But-Don't-Get-Any-Ducks-Club —including line coach Don Durno, Dmitri Goloubef, Bob Paffrath, Pyzer, eastern scout Jack Brasler, Paul Alford, Frank Morris, Jack Halliburton, Morris Bailey, and the writer—ruffled some grouse and other feathered beasts as the upland game season opened yesterday.

The grouse, Hungarian partridge and prairie chicken are either (1) easier to shoot or (2) more plentiful than ducks. At least, we knocked down enough of them to take care of the meat situation for a couple of days.

But have scared very few ducks this season . . .

★ ★ ★

Brasler has his ear glued to the gridiron ground in the east, and reports that Toronto Argonauts purchased the Toronto Balmy Beach franchise for $15,000 . . . Teddy Morris, former Argo coach, resigned as Beach mastermind over a slash in his salary . . .

★ ★ ★

Eskimos will return home next Wednesday morning, winding up the schedule with Calgary here on October 14 and in Cowtown on October 21 . . .

High School Football Tonight

Win number two of the season will be St. Joseph's aim when the high school football team trots on the field at Clarke Stadium tonight at 7.30.

Sep will face University in the opener of the double header.

In the second game Victoria meets Scona.

High school football is on tap again Saturday night when Eastwood plays Westglen.

FAN FARE

YANKEE STARTING pitcher in today's World Series game was Allie Reynolds, big Cherokee Indian who pitched in Edmonton four years ago for a touring major league all-star team. Reynolds' mound opponent for the second game of the 1950 baseball classic was Robin Roberts, 20-game winnner for the Phillies this year.

List Thoroughbreds Barred Prairie Tracks Announced

WINNIPEG, Oct. 5—Following a custom inaugurated last year Prairie Thoroughbred Breeders and Racing Association has announced the annual list of horses barred in future from tracks under its jurisdiction.

At the same time, other restrictive measures will be employed in future in an attempt to maintain a high standard of entries for all races.

CRAIGLAGH INCLUDED

Entry of the following horses, deemed "no longer able to make a creditable showing," will not be accepted at Winnipeg, Edmonton, Calgary, Regina and Saskatoon:

Buddy Nep, Craiglagh, Crystal Parade, Depressor, Double Rose, Galapure, Gallant King, Gatwick II, Gladys Dale, Great Leader, Hot Foot, Joharie;

King Bachelor, Little Dee, Marbane, Meto Boy, Midnight Sue, Miss Yank, Sir Mortimer, Scotch Nick, Thatcher, Top Note, White Moss, Yankee Trader.

Following have been placed on the "stewards' list" and their entry will only be accepted when proven to the satisfaction of the stewards that they are fit to race and OK'd to start:

Favorite Day, Larkhem, Times A Wastin, Lenweiem, Prince Pilot, Sugar Ration.

Any horse ever having participated in a "chuck wagon" race will not be granted stalls or accepted for entry.

MOVE AGAINST MAIDENS

In addition, following rules of the prairie thoroughbred breeders and racing association become effective in 1951:

"Maidens, six years old or older, will not be permitted to enter.

"No track where thoroughbred horse racing is conducted under the jurisdiction of the Prairie Thoroughbred Breeders and Racing Association shall assign stable accommodation or accept the entry of any horse five years bid or older who has been in competition for the immediate past two year period and has failed to finish first, second or third and who has started at least eight times during said two year period on a recognized horse track."

SAN JOSE, Calif., Oct. 5.—(CP)—John Gonzalves, 136, Oakland, Calif., Tuesday night scored an easy 10-round, main decision bout over Georgie Dunn, 135½, Hartford, Gonzalves was master throughout and won by a 19-point advantage, scoring a knockdown in the fifth.

DYER CLAIMS FUTURE UNSETTLED

HOUSTON, Oct. 5—(AP)—Eddie Dyer yesterday said "nothing has been settled" about his future with St. Louis Cardinals.

Dyer arrived here about the same time reports from Philadelphia had him definitely "out" as the Cardinals' manager.

He said he and Cardinal president Fred Saigh have "talked over next year but the whole thing still is up in the air."

Since 1945 Dyer has managed the St. Louis club to one pennant and World Series title, finished second last year, first time the team has finished in the second division in 18 years.

SAIGH OUT?

Branch Rickey Rumored Brown Buyer

PHILADELPHIA, Oct. 5.—(UP)—Hot in the middle of the World Series today popped up two almost unbelievable reports involving St. Louis—Branch Rickey may buy the Browns and somebody may take over for boss Fred Saigh of the Cardinals.

Rickey, who relinquished his holdings with the Brooklyn Dodgers a week ago, said then he would be happy to discuss any proposition involving baseball and added that he had a couple of good ones.

When he sold his Dodger stock most observers thought Rickey would buy into the Pittsburgh Pirates, where one of his closest friends in baseball, John Galbreath, recently took over for president Frank McKinney.

But since that transaction was arranged, Rickey has been thinking about going back to the scene of his greatest triumph in baseball—St. Louis.

Head-Pin Highlights

By Lyall Dagg

Besides their ability to set five wooden pins up in a V shape, latest qualifications of pin setters at Scona Alleys may be that of a baby sitter.

Possibility of this being brought about may ouze out of the success which the South Side centre's small fry nursery has had.

During the construction of the building architects set off a large room and marked it lounge for the convenience of the waiting patrons. But during the afternoons it is now taken over by temporary orphans of the ladies in the housewives' bowling leagues.

Yesterday afternoon this lounge was occupied by at least a dozen under school age children who were crayoning pictures and raising regular mayhem without once having to worry about a 'don't-ing' parent.

★ ★ ★

Sixteen teams of women's Wednesday Wizards took over Scona yesterday afternoon and what they lacked in bowling ability was made up in enthusiasm.

Mrs. J. U. Primeau, last year's high single queen with 370, is the new president and has the following as her officers: Mrs. B. Weston, vice-president; Mrs. E. McMann, secretary, and Mrs. V. Willabee, treasurer.

The oldest men's league in the city, Commercial Men's, held its regular Wednesday night bowling at Recreation. It has been in operation for the past 23 years.

This season's league boasts a team of four brothers—the McCallums—who respectfully call themselves Bagpipes.

Norm McCallum is currently holder of the high average of 264. Other brothers on the team are Mac, Jack and Joe. John Sherriff and Hiram Doughty alternate at the fifth spot.

★ ★ ★

Val Berg Men's Wear holds a slim lead in the team standings, exclusive of last night's games. This team is made up of Bill Gibbs, Bill Porterfield, Dave Christie, Cliff Lilleno and Ackerman.

Their averages range from 192 to 240.

The old man of bowling, Watt Ramsey, competes in this league as well as the Senior Men's. The 78-year-old five-pinner has his own team and is currently knocking them down at a 221 clip.

DOWN MEMORY LANE . . .

Retired Horses' Hoof-Beats Imprinted on Prairie Tracks

BY STAN MOHER
(Sports Editor)

R. James Spears Corporation, in conjunction with the Prairie Thoroughbred Breeders Association, has 'retired' a couple of dozen thoroughbreds, as noted elsewhere in these pages.

Their passing from the prairie racing scene will cause hardly a ripple of regret. Yet most of the old hides had their innings . . . made their share of trips to the winners' circle.

A few of them left their mark deeply imprinted in the history of prairie racing. Such a one was Thatcher.

On a July day in 1944—July 13, to be exact—Thatcher won the opening race at Calgary's Victoria Park. When the 66-1 shot Man of Iron dropped out of the clouds to take the second gallop, resulting daily double payoff was $3263.05.

Then and there a new daily double payoff for the prairies was established. It still stands, five years and many races later.

Only one D. D. ticket was held hooking Thatcher to Man of Iron. Punter with the foresight (sixth sense would be a better descriptive) was a Chinese improver-of-the-breed.

And if Thatcher has his memories, so also has Yankee Trader, another oldster that has been ruled off tracks coming under the jurisdiction of the Spears Corporation.

Yankee Trader had been living on borrowed time, as it were. A year ago he was barred. However the powers-that-be were talked into granting him a reprieve.

So Yankee Trader came back to the races, only to break down for good and all at Edmonton.

That was the afternoon Yankee trader threw the race track into confusion. It was necessary to take him back to the barn when the wire holding him together proved unequal to the task of getting the old stager to the gate for the second race.

Fact that many of the bettors—'had' the veteran as the second horse in the daily double—and had to settle for just getting their two bucks back—proved a sore point.

Old Sir Mortimer is gone, too, a gamester, if ever there was one. Emil Roy rode him in the now infamous 'fix' race run at the local bull-ring during the 1950 August meeting.

Rider Roy was the only rider to take part in the race permitted to accept mounts the last day of the meeting.

There's Craiglagh, a noted stretch-runner that provided many a thrill for those who like close finishes. Why go on . . .

Let's hope all these oldtimers now are permitted to take their own time about getting to Cloud Eight, as the heaven of the thoroughbred is known along shed row.

Whiz Kids Fail to Fizz But Konstanty Had 'It'

By Jack Sullivan

PHILADELPHIA, Oct. 5—(CP)—Eddie Sawyer's almost-bald head has been saved.

The second-guessers were all set, the rhubarbs and hey-rubes were primed to go off if Sawyer's gamble — using fireman Jim Konstanty in his first starting assignment in two years—had backfired. The greatest modern-day relief hurler in the business lost to Casey Stengel's New York Yankees, but his four-hit pitching chore over eight innings spells big-time in any league.

Quaker City folk were gloomy after their Whiz Kids dropped the decision, but they aren't blaming Sawyer or Konstanty. Jim made Sawyer look good, but the Whiz Kids were a fizz with the stick as the Yanks' 21-game winner Vic Raschi held them to two sickly hits.

We have a big hunch Fireman Jim will be around again before this series ends.

★ ★ ★

AN OLD STORY

This is Joe DiMaggio's ninth world series. Just one short of the record set by Babe Ruth, another Yankee immortal. DiMag's out from this year's classic, whether the Yanks win or lose, will shove his world series take-home pay (before the government steps in) to more than $50,000.

The big black-haired slugger has been on seven series-winning Yankee clubs—1936-37-38-39-41-47-49.

The most Big Joe got as a winner's share was $6,471.50 in 1937 when the Yanks whipped New York Giants in five games.

★ ★ ★

Casey Stengel, the guy with the palm-leaf ears, does all his mastermindings from the dugout, but not Sawyer, who likes up the third-base coaches' box when his kids are at bat.

Casey relegates this chore to a couple of old - time Yanks — spindle-legged Frank Crosetti on third and plump Bill Dickey on first. Frankie shone as a shortstop from 1932 to 1946 and Dickey was one of the all-time catching greats, who has been field lieutenant in charge of the catching staff the last two years.

In the first-base box for the Phils is Allen Lindsey Cooke, who answers only when addressed "Dusty." He was a member of Philadelphia Athletics in the days of Lefty Gomez, Al Simmons, Mule Haas George Earnshaw and other one-time greats.

Yanks Grim Despite Win

PHILADELPHIA, Oct. 5—(AP)—You would have thought New York Yankees had just lost a World Series game the way they sat lined up on benches facing each other in the narrow, steamy dressing room reserved for visiting clubs.

Vic Raschi, who had just spun the 12th two-hit pitching job in World Series records, was as glum as the rest. He was pale, with his thinning hair pasted down on his forehead.

"Tough? Sure it was tough. They're all tough," he said, and began to smile a little.

The feeling you got from the quiet Yankee team was that they were good, professional workmen who had just done a polished job, and now they were catching their breath.

Casey Stengel, who generally looks grim, win or lose, looked as grim as ever.

"Both men pitched a good game. Course I think my man pitched a better game," he said.

"A guy (he meant Jim Konstanty, the great Philadelphia relief pitcher, who started for the first time this season) can't pitch in 74 games and not have something.

"Why that fella threw us every kind of pitch. He gave us a lot of trouble."

Bantam Title 'Bout Arranged

LONDON, Oct. 5—(AP)—Danny O'Sullivan, British 118-pound titlist, signed yesterday to meet Vic Towell, world bantamweight champion from South Africa, in a 15-round title bout in Johannesburg, Nov. 25. Towell won the world crown by defeating Manuel Ortiz of El Centro, Cal., in a 15-rounder in Johannesburg last May 31.

Big Busts For Gridders

REGINA.—(CP)— This year's Saskatchewan Roughriders and Calgary Stampeders may be 'saved' for posterity. Regina youth centre students hope to make plaster figurines of the players on both football teams before the end of the season.

Ring Night Planned For Barrhead Folks

Barrhead's best amateur and special boxing and wrestling tion of Edmonton wrestlers tomorrow.

The show will feature four boxing exhibitions.

Coach J. L. McKinley of Barrhead won't be using a number of his Golden Glove boys but has lined up Charlie Veraitz, Richard Pitt, R. Chiochetti and Ronnie Paulsen.

They will oppose four Westlock fighters, Jim Iacion, J. Perrin, C. Bacon and G. Downing.

Local wrestling promoter Al Oeming is handling the refereeing chores and will take along six of his best performers for a three match mat event.

Bob Lortie takes on Steve Gob in one, Ali Bey will pit his paunch against Tony Cosenza in another and Dan Vilcski meets Larry Tillman in the third.

DRESSING ROOM CHATTER . . .

Disappointed Phils Praise Raschi

PHILADELPHIA, Oct. 5—(AP)—The Whiz Kids took their heart-breaking 1-0 defeat in the World Series opener like adults yesterday.

As Philadelphia Phillies filed into their dressing room, outfielder Dick Sisler set the pace for the youngsters who caught the imagination of the baseball public. Sisler said:

"That guy (Vic) Raschi really had it today. We have to hand it to him. There's no use making excuses when you lose a well-played ball game like that."

There were several nods of approval. The Phillies were giving credit where it was due—to the fine Yankee pitcher, Raschi.

Sisler, the hero of the pennant-winning game in Brooklyn last Sunday, said he had no chance to duplicate that flag clinching three-run homer.

"Raschi had good control. He gave me nothing good to hit at."

The Phillies were disappointed, not dejected. After all, they had played a good ball game and lost. The Yankees hadn't, as most of the experts predicted blasted them out of the ball park.

Jim Konstanty, the Phils' surprise starting pitcher in the opener, stood in a corner surrounded by reporters. The bespectacled right hander, onetime Toronto Leafs' hurler, who starred in the regular season as a premier relief pitcher, was feeling a little low about the way New York scored the winning run.

"That (Bobby) Brown hit an awfully good pitch in the fourth for his double. It was a slider and I was real surprised when Brown hit it."

Konstanty said he is ready to pitch in relief again today if skipper Sawyer needs him. "Twenty warmup pitches and I'll be ready to go in there."

ARMY CALLS HAMILTON'S BILL GREGUS

HAMILTON, Ont., Oct. 5.—(CP)—Bill Gregus, Hamilton Tiger-Cats' best plunger, was ordered yesterday to report for duty with the United States Army Oct. 16.

Coach Carl Voyles said, however, Gregus "may get a deferment for at least a couple of weeks." Deferred or not, Gregus will be able to see actio. in three more football games before the call-up date.

He is the second American in the Big Four league to be called up in less than a week. Bob Heck, Toronto Argonauts' outside wing, left for Chicago Saturday for service with the U.S. marine corps.

WAVING TO CROWD is Robin Roberts as Phils returned home Monday following clinching of National league pennant on Sunday. Roberts pitched Philadelphia to flag on last day, beating Brooklyn 4-1. His problem today was the New York Yankees as he faced them in the second game of the World Series. With him above is his wife and teammate Richie Ashburn, rear right.

Phillies No Cinch, Sez Vic Raschi

By Vic Raschi
(As told to The United Press)

PHILADELPHIA, Oct. 5.—(UP)—Maybe it looked to some folks like I had a cinch out there yesterday, but actually I was sweating all the way—even through it was plenty cold.

Throughout most of the game I used my fast ball even though I Whenever I felt the need for it, changed speeds on it occasionally, though, I'd throw a curve . . . . but there wasn't too much need for it.

Few people probably noticed it, but I hurt my bad knee when I fielded Richie Ashburn's grounder and threw him out in the first inning. The knee hurt me every once in a while but there's no point in complaining, especially since I won and we got off to a good start.

NO PRESSURE

Winning the game is the most important thing with me. I have already been asked by some writers whether I could pitch again on short notice. Frankly, I hope it isn't necessary.

They tell me this one was the 12th two-hitter ever pitched in a World Series. Offhand, I can't remember any other victory that gave me a bigger kick, but to tell the truth, I get a kick winning any game, whether it is a World Series contest or a regulation game.

Any time any pitcher holds the opposition hitless for more than three innings, everybody and his brother always asks the pitcher whether he knew he had a no-hitter going. The Phillies got their first hit off me in the fifth and just to check any questions on that score, the answer is yes, I knew I hadn't allowed a hit until then.

Which reminds me, did you notice I got one hit in three trips today?

Pitching a winning ball is one thing but getting a base hit now and then makes a fellow feel good, too. And just in case any one is interested, I'm feeling mighty good right now.

KONSTANTY O.K.

The Phillies looked like a good ball club to me and I thought their Jim Konstanty pitched a fine game.

Getting that one run in the fourth inning made me feel a lot better. I remember what a feeling of satisfaction I had when Gerry Coleman drove in Bobby Brown. I followed Coleman to the plate and Bobby looked mighty good to me coming across as I was waiting to hit.

Which reminds me, did you notice I got one hit in three trips today?

Pitching a winning ball is one thing but getting a base hit now and then makes a fellow feel good, too. And just in case any one is interested, I'm feeling mighty good right now.

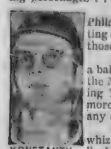
'Notes to You'

Herewith a few notes to various important sporting personages . . .



KONSTANTY

To Jim Konstanty, c/o Shibe Park, Philadelphia: Congratulations, Jim, on getting out of there alive after pitching against those Yankees yesterday.

Alive? Why man you pitched an 'ell of a ball game. Sure, you'd like to have beaten the New Yorkers. But don't forget . . . holding Yankees to one run in eight innings is more of an accomplishment than stopping any other club would be.

And say, Jim, how was it none of those whiz kids, except Andy Seminick and Willie Jones, could even buy a hit?

★ ★ ★ ★

To Joe Aguirre, Winnipeg Blue Bomber end, who told it in Edmonton a couple of days back that "Eskimos are just like every other club in this league. They have seven or eight good ballplayers, the rest are just along for the ride" It's noted Joe that you put the clutch on just one pass out of 10 thrown you at Clarke Stadium Monday night.

What does this make you? A "good player" or one of those "along for the ride"? Maybe the Blue Bomber coach, "Butch" Larson, could answer this one.

To Jack Reilly, sports director Recreation Commission: You've got it all wrong, Jack. Nobody in his right mind thinks you have designs on Renfrew Park . . . least of all John Ducey.

BERRA

As for you feeling that the city should do as much for "amateur sport" as for "commercialized sport" . . . that's up to you. Certainly someone has to fight the battles for the amateurs . . . the real amateurs, that is.

* * *

To Annis Stukus, Eskimo football coach, c/o Clarke Stadium: See by the papers where you condone (at least for public consumption) that now famous "call" of Lindy Berry's against Regina last Saturday.

How can you, Annis, when even 95 per cent of the customers figured it out to be a boner? Loyalty to your players is fine. But don't forget . . . loyalty to yourself is vital, especially in the here-today-gone-tomorrow coaching profession.

To Harvey (Pug) Young, defenceman Flyer hockey club, Gardens: Every season the same old thing . . . you've got to improve yourself all over again.

Remember the year you had the big beef about salary . . . when Riley Mullen and the hockey committee didn't think you were worth what you were asking? Sixty-five dollars a week, wasn't it?

And just last season . . . you don't even get into the first few games. What's with you, anyway, Harvey? You, a league all-star . . . a first-team all-star, at that?

★ ★ ★ ★

To "Yogi" Berra, Yankee catcher, c/o Shibe Park, Philadelphia: In case you haven't heard this bureau has called you to be the hitting star of the series. Yesterday you go 0-for-4, remember?

So look that ball over better from here in, Yogi. Any catcher who can't handle those Yankee pitchers and still hit .375 should be down on the farm at Twin Falls.

To Al Pickard, president Western Canada Hockey league: When is "your" league going to announce a playoff schedule, Mr. Pickard? You know as well as anyone else that schedule arrangements should be made public before a single option or season ticket is sold.

★ ★ ★ ★

To all citizens who believe Edmonton should be "up town" in all things: Get ready to vote that $50,000 Renfrew Park money bylaw over the top, comes civic election day. Sure it's chicken feed . . . as construction costs are measured these days.

Still a quarter of a loaf is better than none.

SCRAMBLY ACTION in last night's exhibition hockey game between Edmonton Flyers and Portland Eagles features play near visitors' goal-mouth. On left Flyers' Colin Kilburn is hemmed in by John Bailey (9) and Bill Hartsburg while Doug Anderson (foreground) and Steve Witiuk (Edmonton) get in on play. Nick Bangay (15) and Charles Kraiger (5) defend Spokane net as goalkeeper Tom Karakas slides under Witiuk.

Curlers Seeking New Trophies

Delegates of the association held their annual wind-up meeting for the past season at the Masonic Hall last night and prepared to tackle the new term, complete with new executive and they hope—new trophies.

Retiring president Bill Allen voiced the opinion that the old shields and cups were not in any condition to present to winners.

He stated that certain firms had already been approached and it was hoped that a complete set of new ones would be ready for the opening of the 1950-51 season.

Major plans for the coming year will be discussed at the annual meeting to be held later this month.

Dates for the Alberta Bonspiel and Eaton Trophy 'spiel were set last night, in addition to **Revisions in British Consol play** and high school competition.

Eaton's, an all-city club event, is scheduled for January 8th, 1951, with the provincial classic set for February 5th.

The British Consols and high school spiels has split the two between Calgary and Edmonton.

Due to difficulty in procuring ice, they will now alternate yearly between the two cities.

Delegates of the meeting unanimously passed a vote of thanks to Taylor-Pearson for their support of the high school bonspiel.

Bert Robertson of the Granite was elected new president.

A report from the Dominion association meeting was read last night from which was learned that a large firm had set up a guarantee to be allowed to promote the Canadian High School Curling Championships.

However, it was rejected. The firm was a liquor concern.

SANDY, Bedfordshire, England—(CP)—The local council has written the owner of a house next door housing estate asking him to prevent the "excursion of rats" from his home to the council's property.

CAMPBELL SUSPENDS FIELDER

MONTREAL, Oct. 5—(CP)—President Clarence Campbell of the National Hockey League said yesterday that Guyle Fielder, star of Lethbridge Native Sons juniors, has been suspended from organized hockey because he refused to turn professional with Milwaukee.

The president said that Fielder was ordered suspended by Milwaukee after he left the club's training camp without permission. He said that Fielder also had failed to honor a C form agreement which stipulated he could be asked to turn professional one year after signing the form.

Deal Big Wheel In Columbus Victory

COLUMBUS, Oct. 5—(AP)—Columbus Red Birds of the American Association last night captured the Little World Series from Baltimore Orioles, four games to one, downing the International league team 6-3.

Cotton Deal hurled the final game of the series for the American Association team and was credited with the victory. Columbus tied the score at 3-3 in the bottom half of the fourth inning and then went on to win with two more runs in the fifth and another in the eighth.

The Baltimore starting pitcher, Karl Drews, was belted out of the mound in the fifth inning.

A crowd of 3,827 saw Columbus win its sixth Little World Series title.

For manager Rollie Hemsley it marks his second championship in two years of managing. Last year he piloted Nashville Vols to the Southern Association and Dixie series titles. His Red Birds were fifth in July, finished third in the regular season and eliminated Minneapolis and Indianapolis in advancing to the big series.

Baltimore, also third during the regular L. L. season, advanced to the Little World Series by defeating Montreal and Rochester in the playoffs.

Deal, last year's hero, had been this year's "relief" until the blue chips were laid on the line in the playoffs. Deal didn't lose a game in the playoffs and accounted for two of the four against the Orioles.

Everyone of the Columbus Team joined in the hit parade except Bill Sarni and Deal. Mo Mozzali had a great night with four for five. Vern Benson had two for two.

There were 3,827 fans who watched the game through their visible breaths. It was a chilled night all the way through.

Flyers Clip Eagles 5-4, Barry Signs With Hershey

By Dick Beddoes

Edmonton Flyers clipped Portland Eagles' Wings 5-4 in an exhibition hockey game last night, played before 2,000 fans at The Gardens.

But the local pucksheisers got clipped somewhat themselves yesterday by the official announcement of Ray Barry's signing with Hershey Bears of the American Hockey league.

Counted upon to transfuse some much-needed new blood into the Edmonton lineup, Barry signed with Frank Currie's Flyers two weeks ago.

He was to return to center Doug Anderson and Colin Kilburn, following fall training with the Bears of Hershey.

Said Currie, upon learning of the Hershey story: "Losing Barry is one of those things."

BRUISING PLAY

As to the exhibition, it was bruising—although colorless—in spots, in what sparring there was. Flyers Colin Kilburn and Portland goalkeeper Jim Shirley gained off in one match apiece, both being assessed a minor and a 10-minute misconduct penalty.

Incident occurred late in the third period, producing the last of 14 penalties which referees Bob Haxby and Cam Smith handed out.

Both teams scored twice in the first period, all goals being tallied when the opposition was short-handed.

Kilburn and Alex Pringle scored for Edmonton within 45 seconds of each other while Eagles' John Bailey was serving a high-sticking penalty. Respective times were 16:30 and 6:34.

Portland closed the gap late in the frame, Walt Semanski banging in George Homenuke's rebound while roughhand-ready Lou Holmes was off for tripping. At 1909, with blond Eddie Cutts in the cooler on account of a holding infraction, Bill Hartsburg scored on a relay from Jimmy Fairburn.

Lone goal of the second stanza was recorded by bingo Mernik at 9:30, as he slapped in a pass from Steve Latoski.

Flyers flew ahead 4-2 at 2:14 of the third, newcomer Steve Witiuk blasting home a behind-the-goal passing play which also involved Doug Anderson and Kilburn.

FREDERICK SOUND

A minute later scrappy Hal Hopper stole the puck from Cutts at the Edmonton blue line and outduked Flyer netminder Ray Frederick for the third Portland goal. But Bill Pettinger got that one back at 9:09, rifling home Gordon Watt's pass-out from behind the Eagle goal. Portland was playing four men against five at the time.

Homenuke teamed with Dan Nixon and Larry Silvestri on the final scoring play of the evening with six minutes remaining. Portland tested Frederick at one time ran out but the Edmonton goalkeeper, who performed steadily in the two-game series, held off the visitors handily.

Following the game, Flyers entertained the Eagles at a buffet supper. The Oregon club left this morning, preparatory to opening the Pacific Coast league season in Tacoma, Washington, on Saturday.

ISRAEL CAPTURES JEWISH TRACK TITLE

TEL AVIV, Israel, Oct. 5.—(AP)—Despite a strong finish by American athletes, Israel easily wound up on top in the track competition of the All-Jewish World Olympics yesterday.

The victors had a total of 279 points. The U.S. came second with 128, South Africa third with 107 and Britain fourth with 92.

Israel now holds a commanding lead in total points for all events.

Canada and the United States, both undefeated, meet Saturday night for the basketball title. The Canadian team, made up of players from the Dominion-champion Montreal YMHA Blues and the Toronto YMHA, advanced to the final by walloping Britain 94-14 Tuesday night.

RELIGION CAUSES PUCK STAR TO QUIT

KITCHENER, Ont., Oct. 5—(CP)—A promising hockey career was renounced yesterday because of religious scruples by 22-year-old Floyd (Butch) Martin.

Martin, defenceman with the Kitchener-Waterloo Flying Dutchmen in the Ontario Hockey Association senior league last year, said he is retiring permanently from the game because of "deep-seated religious views."

He signed a professional contract with New York Rangers of the National Hockey league last year and was loaned to the Q.H.A. team.

His spiritual adviser, Rev. J. H. Hess, associate pastor of the First Mennonite church here, said in a statement: "He begged to be released from his contract due to certain doubts as to the legitimacy of professional sports for a Christian."

Bruins Win

PROVIDENCE, R.I., Oct. 5.—(AP)—Boston Bruins of the National Hockey league scored twice in each of the first two periods to defeat Providence Reds of the American League 4-1 last night in an exhibition game.

Adam Brown of the Black Hawks led the scorers with two goals.

HAWKS WIN

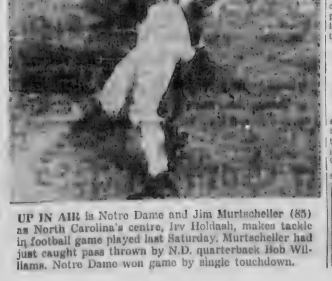
STRATFORD, Ont. Oct. 5—(CP)—Chicago Black Hawks of the National Hockey league defeated Cleveland Barons of the American league 6-3 last night in an exhibition game.

GRAZIANO ROCKY ON GENE BURTON

CHICAGO, Oct. 5.—(AP)—Rocky Graziano, former world's middleweight champion, last night administered a one-sided lacing to Gene Burton, New York welterweight, before knocking him out in the seventh round of their scheduled 10-round bout in the Chicago Stadium.

Graziano, with a nine-pound weight advantage, stalked the crafty Burton from the third round until the finish. The Brooklyn Italian drove Burton from one corner to the other and hammered him unmercifully with heavy rights to the head.

Graziano scaled 160 to 151 for Burton.



UP IN AIR is Notre Dame end Jim Mutscheller (85) as North Carolina's centre, Irv Holdash, makes tackle in football game played last Saturday. Murtscheller had just caught pass thrown by N.D. quarterback Bob Williams. Notre Dame won game by single touchdown.

Municipalities Call For Share In Alta. Income

MEDICINE HAT, Oct. 5.—(CP)—Mayor W. D. Allan of Vulcan today appealed to the Alberta government for an early conference with municipalities to devise a "fair and equitable division of provincial income."

In his presidential address of welcome, he told the 46th annual convention of the Union of Alberta Municipalities that "the time has come for a provincial-municipal parley wherein the senior government will arrange a new deal for the harrassed cities, towns and villages of Alberta."

Mayor Allan said that unlike the senior governments municipal governments are very close to the taxpayers.

"We meet them every day and know their chief oeefs: why don't we have better street lights, better garbage collection, waterworks and sewers new sidewalks, paved streets in the business section, and why are taxes so high?

"Sometimes we get an odd pat on the back, but seldom do we get the chance to feel like glamor boys who know better than the rank-and-file what is good for them."

ENVY OF WORLD

Mayor Allan said that Alberta today is the "envy of the rest of the world."

"It is a disturbing experience, in many ways, when a province is pitched into the limelight as suddenly as Alberta has been, and our viewpoint is bound to be thrown out of focus.

"One thing is clear, however, our provincial government is in a financial position which would permit it to be generous with help to our municipalities.

"I think it would only be fair to expect the provincial government to at least pay for civic services supplied; fire protection, policing, streets, sidewalks, street lights. We know that crown business places in our municipalities help some of our ratepayers but to the average wage-earner buying his home it means but one thing—increase in property taxes."

Reds Close Vienna Rails For 3 Hours

By Richard O'Regan

VIENNA, Oct. 5.—(AP)—Communist demonstrators halted all rail traffic into and out of Vienna for three hours today. Tracks on the east-west line from the American occupation zone into Vienna were the first ones cleared of road blocks and traffic resumed.

A flying squad of several hundred communists piled railway ties across the tracks of that line at St. Poelten, in the Russian zone, west of Vienna. Other lines were blocked the same way and the communists stood guard over the barricades at many points.

SHOUTING CROWDS

Crowds of shouting Communists, apparently angry over the failure of their general strike call yesterday, initiated blockade of both rail and road traffic at St. Poelten in the Russian zone.

This halted western rail traffic running into Vienna's West Station. North Station traffic was cut by demonstrators at Stadlau in the Russian sector of Vienna. Traffic into the South Station was cut at Brunn-Enzerdorf, between Vienna and the Russian military headquarters at Baden, 20 miles south of the capital.

Police, despite Russian orders not to interfere, tried unsuccessfully to stop the demonstrators.

The Reds occupied two federal post office and telephone exchange buildings and were driven off by police in an attempt on a third. Other bands roamed Vienna streets stopping street car traffic and fighting with car operators.

The Communists early today seized the post office at Baden, the Soviet military headquarters. Last night they occupied the communications centre in Wiener Neustadt, also in the Russian zone.

U.S. officers fear that "several hundred" Americans whom the Reds took into North Korea may be massacred before the onrushing United Nations forces can reach them.

Partial figures compiled to date from official sources show the following murder toll:

Seoul area, Sept. 16 - Sept. 25: 10,000 and possibly more.

Taejon, Sept. 22: Between 5,000 and 6,000, including some Americans.

Wonju, Oct 1: Between 1,000 and 2,000, including some Americans.

Chinju, Sept. 22: Twelve American soldiers.

Yesu, Sept. 27: 200.

Chongju, no date: 2,400.

Suchon, Sept. 25: 280.

Yangpyong, Sept. 23 - Sept. 29 700.

Mokpu, Sept. 28: 500.

Pupils Honor District Man

By Clarence A. Weekes
Bulletin Correspondent

WHITECOURT, Oct. 5—School children Monday honored Howard Knott, Whitecourt oldtimer, who celebrated his 78th birthday.

Hailing from Iowa, Mr. Knott came to Canada in 1904, settling in Lang, Sask. He came to Whitecourt about 1925.

Mr. Knott rides horseback every day despite his age. This past summer he rode 240 miles to visit friends around Drayton Valley, Darwell, and back to Whitecourt.

Monday the Junior Red Cross presented him with a birthday cake as a token of esteem. Presentation was made by Shirley Dubois and Dixie Dunne.

Bowling Starts

FORT ST. JOHN, BC, Oct. 5—Third fall and winter bowling season was opened here Monday night at Weldon's Bowling Alleys by the ladies' league teams.

The bowling league, which has recently affiliated with the Western Canada Five Pin Association, consists of 12 ladies' teams, eight men's teams and four mixed teams.

CLYDE, Oct. 5—Clyde residents experienced a five hour blackout last week along with the Westlock and Picardville districts.

Electricity was cut off just as the Louis-Charles fight was getting interesting and men were soon scurrying for battery radios.

Strome's Oldest Lady Never Worried or Ill

STROME, Oct. 5—Oldest resident in the Strome district, Mrs. Isabella McMillan celebrated her 94th birthday Tuesday.

Born in Glencoe, Ontario on Oct. 5, 1856, Mrs. McMillan today is in perfect health and says she has never been in a doctor's hospital in all her 94 years.

She attributes her perfect health to hard work cheerfulness and the fact that she never worries. Her philosophy of life or answer to the best you can and everything will come out all right."

FIRST PLANE RIDE

Four years ago at the age of ninety she took her first plane trip to Los Angeles where she visited her son Hank. She now claims the best way to travel is by air.

Mrs. McMillan was married in 1885 at Glencoe, Ont. to John Peter McMillan and came west to homestead six miles southeast of Strome in 1907. Her husband died there in 1938 at the age of 82.

Eight sons were born to them: Hank Duncan of Los Angeles, Alex Ferguson who died at Glencoe at 5 1886, John Gordon of Vancouver, Charles Hyndman of Ponoka, Allister Murray and Donald of Strome, Stanley of Rossland, and Hughie Thomas, who was killed in action in Italy in 1944.

Mrs. McMillan also has a sister Mrs. Mary Wilson aged 88 at Camrose.

Roads Investigated

WHITECOURT, Oct. 5—W. Frame of the department of public works, was in Whitecourt Monday, looking over the new highway extension from Mayerthorpe.

Also, using a helicopter, he investigated the prospects of next year's extension across the Athabasca en route to Grande Prairie.

Killam Girl Wins Medal

KILLAM, Oct. 5—Betty Kueber, daughter of Mr. and Mrs. E. A. Kueber of Killam, has been awarded the Governor General's medal for obtaining the highest marks in Killam School Division for the year, last term.

Miss Kueber attended Killam school and is also the winner of a $10 bursary awarded by the local chapter IODE to the student of Killam School who obtains the highest marks in social studies. Previous Killam winners of the Medal are: Irene Colton, Rosemary Manning, Joan Wilson, Rita Slavik, Bertram Edwards and Evelyn Simon.

RCAF Man Aids New Squadron

BARRHEAD, Oct. 5—With the arrival of E. M. Ferguson in Barrhead Tuesday arrangements have been completed to form a squadron of air cadets.

Mr. Ferguson, from North West Air Command met with executives of the Elks Lodge, the sponsoring organization and papers were duly signed. Commanding Officer is Ross Baker, with Dave Mitchell as adjutant and Nick Miller equipment officer.

A total of 54 boys have so far joined with considerably more to follow.

BYLAW GETS LAST READING

BARRHEAD, Oct. 5—Bylaw to extend sewer and water for six more blocks received third reading Monday night and the stage is set for a vote of the taxpayers.

The extension will cost $10,000 and will be undertaken early next spring.

Fires Serious Near Barrhead

BARRHEAD, Oct. 5—The fire situation around Barrhead still remains critical especially around Tiger Lily and the Rotelea area.

Recent rain and snow did not extend west of Barrhead.

Tuesday frantic calls were being sent out by farmers in the Lily district to find the fire ranger before buildings were destroyed. The fire ranger could not be located at Fort Assiniboine and is busy on numerous other fires.

GONE EAST?

Case of Lost Quartet Puzzles Wetaskiwin

WETASKIWIN, Oct. 5—Keynote Quartet, famous singing stars from station WTARTV, Norfolk, Virginia, failed to put in an appearance for a scheduled performance in Wetaskiwin Monday and a good turnout of customers had their money refunded.

Although sponsored by the Kinsmens club which had a signed contract stating the time place and date which had been arranged several weeks previous through an advance agent, the quartet nevertheless failed to show up.

A harassed committee kept long distance wires humming for more than a half hour trying to trace the singers. They had last appeared in it seemed in Red Deer, Friday night, for an excellent concert. But there the trail ended.

Only solution seemed to be that they had mistaken Wetaskiwin for Saskatchewan and headed in that direction with their car and trailer.

AGED HOME ENLARGED

RED DEER, Oct. 5—Mrs. Roy Snider has acquired an additional building here to be converted into a nursing home for aged men.

The present home, known as Evergreen Lodge, will be restricted to women on completion of the renovations at Grandview Home. The move is expected this week with dedication service to follow.

About 12 persons will be accommodated at each home.

Cloudy, Cool Is Forecast

Alberta's Indian Summer isn't lost, says the weatherman, but it has strayed off course.

But don't despair. Despite below-normal temperatures, snow and cloudy skies, it will arrive in good time.

Smoke from Rocky Mountain House fires blanketed the city early this morning and a light one-hour rain fell Wednesday night.

Edmonton's low was 30 last night with a high expected today of 40 and another 30 low tonight.

There will also be light rains tonight around Edmonton and southern parts of the province but will help clear smoky skies.

High Wednesday was 40. Forecast today—cloudy and cool. Sunrise 6:43 a.m.; sunset 6:03 p.m.

Trail of Retreat Is Covered With Brutal Evidence

By RELMAN MORIN

TOKYO, Oct. 5.—(AP)—The Communist retreat trail back to North Korea is strewn with buried and unburied bodies of an officially-estimated 25,000 murdered men, women and children in South Korea.

Where they could, the Reds covered the evidence of horrible brutalities with earthen entrenchments. In haste of retreat, they left many bodies in exposed mounds at some places.

Some of the victims were American soldiers taken prisoner by the Communist army, but the total of these is not known.

American officers say the overall 25,000 figure is only a minimum estimate. The tragic total may run much higher.

MASS GRAVES

South Koreans say most of the victims were bludgeoned, speared, burned or hacked with hatchets for opposing Communism.

Mass graves, large and small, are being turned up in city, town, village and hamlet along the bloody retreat route.

Many graves have not yet been opened by American officers probing the mass murders.

U.S. officers fear that "several hundred" Americans whom the Reds took into North Korea may be massacred before the onrushing United Nations forces can reach them.

on the TOWN...

By Jack DeLong

If Winter Comes

It won't seem any time until we hear Santa Claus Is Coming To Town.

* * * *

On The Town is sending a signal today to HMCS Cayuga for Leading Seaman L. D. Harvey from his wife and kiddies David and Harvey.

Also from Dad and Mon at 11330-83 street.

Signal reads: "We are having a fine time in Edmonton. Lots of love from all of us. Hope you get home soon."

* * * *

Those polite Edmonton Transit drivers are running me low on orchids.

There's a big one today for the motorman on streetcan No. 74.

He stopped at 109 street and Jasper avenue at about 11:30 a.m. yesterday to let train-catching mother, two small boys and four suitcases off the car close to the CPR depot.

If Transit System brass haul this motorman on the carpet, (there's no official stop at 109), for this considerate act, I'll pan 'em plenty. There should be a stop at that depot corner anyway.

* * * *

Mrs. J. B. Whyte of 11112-80 avenue was kind enough to tell me about the good Samaritan trolley driver.

* * * *

Imperial Oil Company's genial sales boss, "Scotty" Avison, had a double celebration yesterday. Out at the Edmonton pumping station he saw oil turned into the big pipeline.

* * * *

Out at Vancouver a daughter presented him with grandchild No. 5 It was a boy.

* * * *

Frank Drayton thumbed through Bulletin files last night away back as far as 1903. Frank was trying to find at least one item that described him as an athiete.

* * * *

Fred Arnold, the crippled old-age pensioner, who badly needs a place to live, can have one just by telephoning 36393.

Remember the item I ran the other day about Mr. Arnold?

He lost his light housekeeping room after returning from a trip to the States. Since his return he's been forced to live in a hotel at $1.50 per day.

* * * *

Anyone reading this item over at the Astor hotel, please tell Mr. Arnold to call 36393. And a big orchid goes to the anonymous party at 36393 for being a bighearted citizen.

Happy birthday to you: I mean to Mrs. Maxine Peter of 6024-111 avenue. Daughter was up from Saskatoon for the big celebration yesterday.

Plan For New Zoo Presented

PLAN FOR ultimate development of modern zoo for Edmonton was presented by St. Louis zoo architect John E. Wallace to city council finance committee last night. Wallace suggests start be made with development of west portion for native animal and bird display. Present animals and birds at Borden Park could be accommodated there. Wallace suggests $50,000 annually be set aside for development and operations. Zoo could extend further east to cover area now occupied by several dozen houses.

Ukrainian Chorus Plans To Settle In Edmonton

Edmonton may become the permanent home of a famous Ukrainian musical group.

Arrival yesterday in Edmonton of 20 Ukrainian singers from various sections of the United States marked the first step in the reorganization of the Vatra Ukrainian Male Chorus.

The chorus, famous in Europe for its tour of Germany, Switzerland, France and Italy from 1946 to 1948, hopes to make Edmonton its permanent home, following completion of a North American tour this winter.

CONDUCTOR

Professor Leo Turkewich, former director of the Lemberg, Poland, opera house and now a resident of Edmonton, will again conduct the chorus on tour.

Shortly after arrival here from the east yesterday, the singers left for Mundare, where they will hold rehearsals until the end of October.

"Tour arrangements are not yet all completed, but we hope to give our first concert in an Edmonton hall early in November," Wladimir Batycki, manager of the chorus, stated on arrival yesterday.

Dates have been set for the group to sing in Winnipeg, Toronto, and New York.

THREE EDMONTONIANS

Three of the singers are Edmonton residents. They are Anton Derbish, Mike Swyshyn and Anton Mozhardi.

Ukrainian groups in Edmonton are mainly responsible for the famed chorus' re-organization.

Heading the reception given the chorus during its European concerts, Edmonton Ukrainian officials got in touch with the singers, who had scattered to New York, Philadelphia and other American cities after the first tour ended.

Nearly all of the singers accepted the invitation to come to Edmonton and re-organize the group.

NEW MACHINERY FIRM FORMED IN EDMONTON

Formation of a new company, Holman-Vulcan Limited, for the production of the Holman line of compressed air machinery in Canada, was announced today in Edmonton, where the firm will maintain a sales and service depot.

The announcement was made by President James A. Gairdner, Toronto.

The newly formed company, which will start production of light rock drilling equipment for the Canadian mining industry at a Hamilton, Ont., plant scheduled to go into production immediately marks the joining of a 150-year-old British machinery firm with a Winnipeg company.

The two companies are Holman Bros. Ltd., Camborne, England, and Vulcan Iron and Engineering Ltd., Winnipeg. Canadian and British interests will be represented equally in the new firm.

The founders said the British firm had been seeking Canadian facilities since end of the Second World War, when dollar difficulties "made it desirable" to look for outside partners "for the first time in the firm's long history."

Finance Committee Shelves Walterdale Flats Zoo Plan

Edmonton is still no closer to a proper zoo as recommended by St. Louis zoo architect John E. Wallace.

City council's finance committee voted last night not to include Parks Superintendent A. G. Patterson's requested $50,000 for a zoo in capital estimates for 1951.

The committee then agreed that any such expenditure should come from current budget, and immediately laid over to a future date, decisions on:

1. Whether present Borden Park zoo should be continued.

2. Whether the Exhibition Board should be granted the 300 feet of Borden Park it wants.

3. Whether the Walterdale flats area suggested by Mr. Wallace should be the site of a permanent, proper Edmonton zoo.

PLAN STUDIED

Mr. Wallace's report of his professional survey of various sites was read by Mr. Patterson, and a map of an ultimate development covering the area between the river bank and Walterdale hill, from 105 street bridge to the High Level bridge, was studied by aldermen.

A start could be made immediately by developing the west portion, now vacant, for native animals and birds, the report said.

"It could be made an attractive gathering place for citizens," said Mr. Wallace. He pointed out that the combination of level and rolling areas it ideal for a modern zoo with barless cages.

No complaints of smell or noise have been received by the St. Louis zoo, which is only four blocks from a large hospital, he added.

The proposed provincial-city arboretum, or tree, shrub and flower garden, just west of High Level bridge, would tie in nicely with the zoo, making a contiuous development from Queen Elizabeth park to Mayfair golf course along the south river bank, committee members agreed.

SCHOOL HEAD WON'T SEEK RE-ELECTION

Doctor's orders has forced school board chairman J. C. Macdonald to withdraw as a board candidate in the forthcoming civic elections Nov. 1.

Mr. Macdonald has served on the school board for the past five years and presided as chairman for the past four.

Youths Get Long Terms For Theft, Joy-Riding

Prison terms totalling almost nine years face a Winnipeg youth and his young Edmonton confederate convicted in police court yesterday.

Glen B. Ramsden, 20, of Winnipeg, was sentenced to 3½ years in the penitentiary by Magistrate S. G. Main after pleading guilty to 22 charges of theft, shopbreaking and joy riding in the Edmonton district this summer.

Richard Skinty, 21, of Edmonton, who admitted acting with Ramsden in 18 of the offences, was sentenced to three years.

FROM WINNIPEG

The pair were recently brought from Winnipeg where Ramsden has 10 months still to serve on three charges of theft and Skinty eight months on the same charges.

Their offences around Edmonton all took place between June 23 and July 30. Their biggest single haul was 195 26-ounce bottles of liquor from the Officers Mess at Northwest Air Command last July 10.

Phone Complaint To Be Probed

Labor Body In Big Meet

A total of 133 delegates from member organizations in all parts of Alberta have already signified intention to attend Alberta Federation of Labor convention in Edmonton, Oct. 9-11.

The registration to date, with more coming in daily, points to one of largest conventions on record, Federation secretary-treasurer Herbert Turner said today.

Turner is also secretary-treasurer of the Edmonton Trades and Labor Council, hosts for the important labor meeting.

The Federation embraces 144 affiliated organizations in the province with a total membership of 18,000.

Gordon J. Cushing, secretary-treasurer of the Trades and Labor Congress of Canada, will arrive in the city tomorrow to represent the congress at the forthcoming Federation meeting.

Election of Joe Cherrington, business agent for Edmonton local of the Hotel and Restaurant Employes' Union, to post of vice-president of Edmonton and district region of the Alberta Federation was also announced.

GODERICH, Ont.—(CP)—Sermon subject of Rev. Ian Turnett was "Stand Guard." Shortly after the service, Mr. Burnett received a phone call from his home in Ottawa that his house had been robbed during his absence.

HIGH COST OF SPEED

Judge Cracks Down, Collects $1,000 in Fines

Over $1,000 was collected from Edmonton motorists convicted of speeding yesterday in police traffic court.

The docket of 96 cases, 41 of them speeders, was the heaviest of the year and it took Magistrate J. W. McCalla, Prosecutor Ken Crockett and Court Clerk Constable Ron Hooper three hours to wade through the list.

Magistrate McCulla said later that he had increased the average fine for speeding from $25 to $35 "and I'll continue to increase it if necessary to stop this speeding."

His Worship also warned each offender Wednesday that he would suspend their licences the next time they appeared before him on a speeding charge.

He suspended two drivers' licences Wednesday, one for two months and the other for three.

Chamber Requests More Off-Street Parking

Edmonton Chamber of Commerce yesterday endorsed a number of important issues presented to the meeting by aviation, traffic and agricultural committees.

The list included recommendations calling for synchronization of traffic lights, provision for more off street parking, "more adequate" use of the city police public address car, installation of warning signals at rail crossings.

The chamber also endorsed a traffic recommendation that the city's servic stations be permitted to remain open at their "own discretion" and resolved to have committees study several bylaws now before the city

ACTION IMPERATIVE

"It is now imperative the city implement action to provide off-street parking lots," the chamber resolution said. "The city has already determined money from parking meters is earmarked for the purpose—plus traffic controls."

In its report the traffic committee said it was "alarmed" by rapidly increasing traffic and decreasing parking space.

"If some solution is not found speedily, the downtown business area will feel the effect."

The "urgency" of need to install wigwags at railway crossings was also stressed.

"Progressive system" of traffic lights on Jasper avenue was urged by the committee and endorsed by chamber council.

"We have been informed by the city it would interfere with street car passenger loading," the report stated. "But we feel some system to allow motorists to go every green light if proceeding at a certain speed should be tried."

The council directed its civic development committee to investigate provisions of "new bylaw" which will require all construction occupying sites greater than 15,000 square feet to allow one-third area for parking or planting.

Following report of agricultural committee a resolution was passed that the chamber look into possibilities of providing awards for Junior Farm Clubs Seed Fair at Sales Pavilion, Oct. 28, as "active sponsorship."

Rutherford Swim Pool Proposed

Utility Commissioners To Consider Proposal

A new swimming pool for Rutherford Park, in Mill Creek just north of 82 avenue bridge, last night cleared the first in four tough hurdles.

City council's finance committee agreed to recommend $150,000 to council, for submission to the Board of Public Utility Commissioners, to finance it.

If council also approves it at Tuesday's regular meeting, the question then goes to the Utility Commissioners for approval before later submission to a ratepayers' vote on Nov. 1.

NEED GREAT

But, although committee members agreed the need is far greater than it was last year, they also agreed the pool may meet the same fate which befell a proposal last year to build two new pools.

The Utility Commissioners rejected them on grounds that the growing city has greater need of paving, sewers and other public works.

Commissioner John Hodgson, agreeing that the need for a pool is greater this year than last, pointed out that the reasons the Utility Commissioners tossed out last year's proposal are even stronger this year.

Parks Superintendent A. C. Patterson recommended the Rutherford pool to serve Bonnie Doon, King Edward Park and Ritchie districts.

Commissioner Hodgson said a new indoor pool will be built in a new high school, slated for 1951 construction, just west of the South Side athletic grounds.

COUNCIL BRIEFS

Plan for Six Wading Pools Is Rejected

Finance committee also:

1 Turned thumbs down on a Recreation Commission proposal to build six new wading pools in playgrounds operated by community leagues. Committee was told a full commissioners' report on difficulties surrounding overlapping operation of parks department, recreation commission and community leagues will be presented to the new council after election day.

Council Friday approved four new pools on city-owned playgrounds.

2 Again struck Lions' Club proposal to hold a Hose Day off the agenda. After committee dropped the matter several months ago, the club came back with a belated request to go ahead with it, but last night the club said to forget it for this year.

False Statement Brings $25 Fine

For making a false statement which enabled him to receive unemployment insurance benefits, Bruce A. Wood, 9414-102A avenue, was fined $25 in Police Court yesterday.

Wood was also ordered to pay back $11.40 he received in benefits. The offence dated from March 3, 1950.

Concord Grapes Sell At 95c Per Basket

By Bea Thrifty

Back to the kitchen woman!

That was husband's cave-man cry yesterday when he spotted our good-neighbor carrying home grape-jelly fixin's.

For a man who can say "no" to a second helping of chocolate cake . . . he's mighty partial to the sweetness of grape jelly.

And when the good Concords are selling at 95c per basket . . . 'tis a fine idea indeed.

Only this year there's a new rule for grape jelly making in the Thrifty household.

I'm buying a specially constructed jelly bag for a mere thin dime . . . and I'm going to take greater care not to stain my once-upon-a-time lily-white hands.

* * * *

When I mentioned husband's take-it-or-leave-it attitude toward chocolate cake (my favorite) . . . I immediately thought of his opposite feeling about banana cake.

Now this is the time of year when bananas arrive in such quantity that sooner or later many grocers have to sell the too-ripe fruit at bargain prices.

Yesterday I bought the over-ripe golden fruit at 10c per pound. Today I'm baking a banana cake for the good man of the house.

* * * *

It's a light, fluffy affair which is flavored by addition of two large ripe bananas, mashed well.

If you'd like the recipe . . . just give me a telephone tingle and I'll tell you.

* * * *

"Sugar 'n Spice 'n All Things Nice" is pert and practical title of a new cook book recently published in the United States for exclusive use of small fry.

If your wee fair-grader harbors a passion for culinary cut-ups you'll welcome this edition which is scheduled to appear locally for Christmas.

* * * *

I hope it does . . . 'cause it's chock-ful of gaily illustrated, entertainingly written and easy to use and read recipes.

Supposed to sell for $1.50 when it arrives.

I've been blessed with an advance copy and it's as cute as a bug's ear . . . and I know I'd have positively jumped out of my skin with joy had I received such a book at the tender age of eight years.

* * * *

To keep your temper sweet 'n lovely . . . and your curtains un-snagged an' lovely . . . list' to me while I tell you this gem about sliding the rods.

Seems a piece of waxed paper will make magic when you place it over the end of the offending curtain rod. This way you may insert the rod into your finest curtains . . . and not snag them.

* * * *

Here's a hostess-handy bit of info with cake mixes as basis of discussion. Whomp together a cake-mix cake and bake according to directions. Take from oven, cover with chocolate peppermint patties and return to oven for three to five minutes . . . until chocolates melt and half-blend.

Now serve hot . . . and see if the guesties don't approve.

HOT AND COLD PACKS on the eyes will diminish swelling which might be caused by an allergy.

WHY GROW OLD

Hot and Cold Packs May Relieve Swollen Eyes

By Josephine Lowman

Q. "Every morning my eyes are swollen so that I can hardly see. What causes this and what can I do about it?"

A. In the first place, see a doctor and have a physical check-up. Some organic diseases can cause this trouble. However, the most likely bet is an allergy or the need of eye glasses. If your physical examination does not reflect any trouble then see an oculist. If that is negative see a dermatologist. It may be the kind of pillow you are using. In the meantime, alternate hot and cold packs on your eyes will be restful and will diminish the swelling.

G. "What are the correct weight and measurements for a 19-year-old girl who is 5 feet, 8 inches tall? My bust measures 40; waist, 33; hips, 41, and I weigh 150 pounds. I have a very protruding stomach."

A. You should lose at least 15 pounds. That will slim down your measurements as a whole. However, concentrate on the waist measurement by taking waist reducing exercises while dieting. Also be certain that you have a scientifically planned reducing diet. If you would like to have my Nine-Day Reducing Diet which gives you a loss of from 5 to 10 pounds in nine days' time, send a stamped, self-addressed envelope and ten cents with your request. Add one or two good abdominal exercises to your routine, too.

There are more desirable vitamins in swordfish liver oil than in cod liver oil.

DOROTHY DIX SAYS

Spare Office Time Gives Chance for Improvement

DEAR MISS DIX: I am a young married woman, working in an office where I have a lot of idle time on my hands. How can I best employ this? Should I read? If so, what sort of books? How much time should a young married couple give to housecleaning? It has become an argument between my husband and myself.

I find something to do every night about the house which leaves us no time for pleasure, to which he objects.

How much should a husband help his wife with the housework if both work during the day and then the wife comes home to do the cooking?

ALICE

ANSWER: The more proficient you are in your work, the better pay you will get. It is the experts in any line who get the fat pay envelopes, and so the very best way in which you can put in your idle time is to study your job.

No matter what you do, learn to do it better. Get the accuracy and speed that only comes by incessant practice. If you are a telephone operator, be our little Mrs. Blank who never plugs in the wrong numbers, never forgets a message.

If you are a stenographer, memorize the dictionary, and particularly learn how to spell all the technical terms that your employer uses in his letters.

If you are a bookkeeper, make yourself a wizard at figures. If you are a file clerk, be the memory of your firm.

As long as you have to work you have to spend your hours in an office and you have to go through certain motions of labor, why not make this count, as you can do by improving your work?

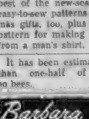
Barbara Brent's BUYS and WHYS



MONTREAL, October 5th — Mothers! — Here's something to delight your youngsters! . . . cardboard cutouts that make big trains or make-believe modern kitchens . . . ABSOLUTELY FREE! All you do is purchase 6 tins of luscious HEINZ CREAM OF TOMATO SOUP at regular prices. The tins are packed in "toy-maker" cartons . . . the toys are printed in colour on the cartons and the cartons are semi-cut. There are four different kinds of cut-out cartons:

1. Locomotive and Freight Car.
2. Flat Car and Caboose.
3. Store and Sink Unit.
4. Refrigerator and Cupboard.

Ask your grocer for 6 tins of Heinz Cream of Tomato Soup in the new, toy-making carton . . . OR — *write to me* — Barbara Brent, 1411 Crescent St., Montreal, P.Q. — *enclosing 6 labels from any variety of Heinz Soups* — telling me which of the four toy-making cartons you'd like (you can have all four for 24 labels!) — and I'll send you your "toy-makers" — post-haste.

At Last! — I've found the very thing to give my floors and furniture a mirror-like polish that stays that way! — the new Lin-X HOME BRIGHTENERS do the trick. And no wonder! . . . Both *Lin-X Paste* Wax (69c) and *Lin-X Anti-Slip Self-Polishing* Wax (49c) contain the priceless ingredient . . . Carnauba — the world's most valuable natural wax that comes from the Carnauba Palm. So it's natural for hardwood floors to look years younger with new Lin-X Paste Wax. And linoleum, painted and composition floors take to Lin-X Anti-Slip Self-Polishing Wax like a duck takes to water. For this wax is *completely* water-repellent . . . and, I've discovered, it really is anti-slip. I've also discovered that the wonderful *Lin-X No Smudge Furniture Polish* (45c) cleans, polishes and protects — all in one application! Want your home to sparkle? . . . then ask for Lin-X Home Brighteners at grocery, hardware and department stores.

In Love With Your Husband? — Then you'll want to look your loveliest for him — always. (3 Eggs)

1 Cup sifted Swans Down Cake Flour	1/4 tsp. cream of tartar
1 cup granulated sugar	1/4 cup cold water
1/4 tsp. salt	1 tsp. vanilla
	1/2 tsp. grated lemon rind

Sift flour once, measure, add baking powder, salt and sugar, sift together three times. Beat eggs with rotary egg beater until they are foamy throughout. Add sugar gradually, beating constantly until very thick and light. Add shortening to hot milk and heat until melted; then add to egg mixture, mixing quickly. Add all flour and lemon rind and beat with rotary egg beater only until smooth. Turn into round, 9-inch layer pan. 1/2 inches deep, which has been lined on bottom with paper, but not greased. Bake in moderate oven (375 deg. F.) about 15 minutes. Cool in pan. Split cake in half. Spread whipped cream or custard filling between halves. Sift powdered sugar over top of cake.

YOUR BABY AND MINE

Points of View Dealing With Temper Tantrums

By Myrtle Meyer Eldred

Two readers of this column express themselves on the subject of temper tantrums.

Mrs. R. D. W. writes, "When my boy would throw himself on the floor and scream and kick, my first reaction would be to want to spank him. One day I stood by quietly, since he screamed himself out, then told him in a calm voice to get up. Then, when he did, I told him to throw himself down again. He said 'no' in a surprised tone, but I insisted that he do this, as he seemed to like to. That was the last time he pulled that stunt."

Dr. A. M. V. writes, "When there are tantrums the mother should be deaf, dumb and blind. She must turn her back and if possible leave the room. Tantrums won't persist when they do not get attention."

I find both approve and disapprove of this formula. I think it is well at the moment to ignore the child. Nothing is gained when the mother adds her emotions to the child's.

But, it does seem heartless to let a child cry and scream and turn away from him or her. If the tantrums are a symptom of real need for attention—whether that for play or for companionship or just for loving notice—it would drive the child to a frenzy to be unable to dent the parent's indifference.

Our leaflet No. 54 "Temper Tantrums," may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of this newspaper.

Obviously South could not afford to let him hold the trick with the ten of diamonds. (Joe would have been delighted to cash the rest of his hearts.)

However, if declarer took the first diamond trick in dummy, he would be able to take only three tricks in that suit. With only three diamonds, two spades, one heart and two clubs, South would not have had enough tricks for his contract.

The opportunity for this sort of play occurs fairly often. When dummy has a long suit with no side entry, declarer must often give up the first trick in the suit to make sure of bringing in the rest of it.

Second hand should play high with a doubleton honor if declarer cannot afford to let him win the trick. This prevents declarer from making the ducking play that is needed to bring in the suit.

Smart Play Can Beat High Cards

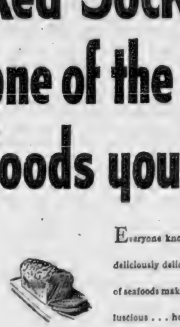
By OSWALD JACOBY

"Isn't this the worst luck in the world?" Hard Luck Joe asked indignantly. "I'm lucky to pick up as much as two queens, and every body who plays against me gets all the aces and kings he wants."

"Stop complaining," said Ezy. "You had enough just then to stop the game. If you don't know enough to make the best use of the cards you get, you have no right to complain about your luck."

Joe's face was a study in outraged innocence. He couldn't see what he had done to deserve such a rebuke.

Joe, holding the West cards, had opened the queen of hearts. Declarer properly refused the first and second tricks in that suit but was obliged to take the third heart with his ace.



Neither vul.

South	West	North	East
1♣	Pass	1♥	Pass
1♠	Pass	2♦	Pass
3N.T.	Pass	Pass	Pass

Opening lead—♥Q

He then led a small diamond from his hand and finessed dummy's nine. This lost to East's jack. East returned the queen of spades. But south won with the ace of spades, ran the diamonds, and then took the rest of his high cards, fulfilling his game contract.

Do you see what Joe could have done with the West cards to defeat declarer? Decide for yourself before you read on.

Joe's mistake occurred when declarer led diamonds for the first time. Joe should have played his ten of diamonds!

Red Sockeye Salmon one of the most economical foods you can buy today!

Everyone knows sockeye Canned Salmon, red, rich with a deliciously delicate flavor. Homemakers know how this king of seafoods makes an ordinary salad glamorous and downright luscious . . . how it is the perfect sandwich ingredient . . . how it combines so wonderfully in a wide variety of cooked dishes. But here's a point to consider in the light of today's soaring food costs: Red sockeye salmon is one of your best food buys. Canned Salmon is all food, no waste. There's no trim to cut away before using; no shrinkage in cooked dishes, no non-edible portions of fat or bones. Pound for pound, penny for penny, red sockeye salmon is a thrifty food buy. It's all cooked, too. Enjoy red sockeye Canned Salmon often. It's good, it's thrifty, it's nutritious.

Doc Okays Candy For Some Times

Mothers have been warned about not letting junior and sis have too much candy—it's not good for them.

But Dr. L. B. Pett—chief of the federal health department's nutrition division—says candy has its place in the diet of the average child—though not as a between-meal snack.

Dr. Pett suggests mothers give their children fresh fruits when they're hungry between meals. But he says candy and soft drinks can be allowed after meals.

2 Canvassers Finish 80 Scheduled Visits

Volunteer Community Chest Workers Find Warm Reception Rewarding

Each of the 1,000 women volunteer canvassers in the Community Chest Drive has to carry a heavy load to cover an expanding Edmonton.

Two of the 1,000 women, Mrs. S. G. Deane and Mrs. H. A. Elford, were first to complete their job.

Between them they made 80 calls, compiled their returns and presented them to drive headquarters yesterday morning. Yesterday was third day of the two-week drive.

Community Chest canvassers are abroad this week, checking for donations to the city's many worth-while sponsored services.

RECEPTION REWARDING

In spite of the house-to-house walking, the chilly air and the busy schedule, volunteers have found reward in the reception they receive when the door-bell is answered.

"My first day I went out without gloves," reported Mrs. Frank Upright. "My hands did get chilly. One woman took my hands to warm them. She said, 'You poor dear, you must be cold,' and made me come in for tea.

"She was working for her living and the house looked meagre, but she gave me 50c anyway. I knew it was more than $10 from other places.

"It set me up for the day."

CONVENER of Edmonton CCF Women's Club Saturday bazaar is Mrs. D. L. Shortliffe. Bazaar and tea will be held in IHC Empire Room from 2 to 5 p.m.

Calendar

Daughters of England Lodge Dayola No. 37 sewing meeting at home of Mrs. E. Watkins Friday at 2 p.m.

West Edmonton Lodge No. 448 LA to BPO will meet at IOOF hall at 101 street, Friday at 2 p.m.

Keith Park Club and Scout Mothers will meet Oct. 11 at 8 p.m. at home of Mrs. R. Cables, 10015 88 avenue.

Crafts, Goodies, Plants To Be Shown at CCF Tea

Home baked goodies, hand-knit woolens and fine-stitched fancy work will be featured when Edmonton CCF Women's Club holds an annual tea and bazaar.

Date is set for Saturday. Affair will be held at the IHC Empire Room from 2 to 5 p.m.

Mrs. D. L. Shortliffe is general convener.

Mrs. J. W. Adair, president, Miss Mary Crawford, will recess with Mrs. Shortliffe.

Mrs. A. Campbell is in charge of the apron and fancy work booth. Mrs. Kenore Truscott is children's work convener.

Mrs. I. V. Smith asks members for contributions to her home cooking table.

GREENERY TOO

Mrs. E. Cook is planning a booth of novelties including an array of small green plants.

Display of handicraft of Canada, Europe, China and South Sea Islands will be featured.

Mrs. W. Bagnall will be in charge of tea tables. Invited to pour are Mrs. Elmer Roper, Mrs. J. Herlihy, Mrs. D. J. Christie and Mrs. J. Gow.

Proceeds will be used to further work of the group.

RECENT CEREMONY in Trinity Lutheran Church joined in marriage Gladys Bienert and Adolf Matter. Both of Edmonton, bride is daughter of Mr. and Mrs. Fred Bienert, and her husband is son of Mr. and Mrs. J. Matter. Elersley will be their new home.

Ruth Phyllis Kerr Weds Hollis Clayton Olstad

Candlelight shadowed brightly colored asters in Norwood Church one evening recently when Ruth Phyllis Kerr became the bride of Hollis Clayton Olstad, in a ceremony performed by Rev. W. T. Young.

Daughter of Mrs. James Kerr and the late Mr. Kerr, the bride was given in marriage by her brother, Gordon. Lace bolero fashioned with a Chinese collar was worn over her strapless gown of white chantilly lace and net.

Her chantilly mittens matched the lace border of her fingertip illusion veil, which was caught to a bead trimmed headdress of white satin.

Red rosebuds and white baby chrysanthemums garlanded her white prayer book, gift of the bridegroom.

Gowned in buttercup yellow, Miss Jean McNee attended the bride. Pearls studded her matching juliet cap and she carried a pastel shaded colonial bouquet.

Mr. Olstad is the son of Mr. and Mrs. George Olstad of Edmonton and was attended by his brother, Gordon. Ushers were Robert Boutilier and Stuart Downey.

Montague Bonner accompanied Ernest Atkinson, who sang A Wedding Prayer and Because.

Wearing grey crepe, with navy accessories and matching off-the-face hat, Mrs. Kerr received more than 50 guests at a reception at her home. Mrs. Olstad, the bridegroom's mother, chose a navy ensemble. Both wore a corsage of pink roses.

For travelling to Vancouver, the bride changed to a gold trimmed dress of burgundy crepe and a black fitted coat.

Her accessories were green and she carried a silver fox fur. Red roses were pinned at her shoulder.

On their return, newly weds will live in Edmonton.

National CWL "Care for Needy" Program Outlined

HALIFAX, Oct. 5—(CP)—Efforts of the Catholic Women's League to care for those in need were outlined to the organization's annual convention here today by Mrs. G. Dearing of Edmonton.

Mrs. Dearing, social action convenor for the CWL, reported activities in acring for the aged, distributing food, furniture, medical and dental care, providing clothing for children and old people, sponsoring summer camps for boys and child welfare projects.

She said more than $192,590 was spent to assist building funds and $91,000 to sponsor summer camps throughout Canada.

The convention also heard reports on organization from three main regions of Canada, read by Mrs. H. MacAdam, Sydney, NS, Mrs. M. F. McGlade, Smiths Falls, Ont., and Mrs. H. Stevens, Calgary.

Fiery, Itching Toes and Feet

Here is a clean, stainless antiseptic oil that will do more to help you get rid of your trouble than anything you have ever used.

Its action is so powerfully penetrating that the itching is quickly stopped; and in a short time you are rid of that bothersome, fiery torture. The same is true of Barber's Itch, Bath Rhaum, Eczema—other irritating unsightly skin troubles.

You can obtain Moone's Emerald Oil, in the original bottle, at Woodward's or any modern drug store. It is safe to use—and failure in any of these ailments is rare indeed.

ABC Whist Drive To Be Held Tonight

Warm welcome is assured all whist players at 1006F hall, 103 street, tonight where Alberta British Commonwealth Association will hold their first drive of the season.

Cards begin at 8 o'clock. Refreshments will be served.

Where to hang the keys for the garage and basement was solved neatly by one home-owner who fastened a curtain-rod holder to the trim of the kitchen door. The key ring slips over the hook with little danger of the keys accidentally falling to the floor.

Cecilia Hickey Entertained Widely Prior to Wedding

Widely feted bride elect of Saturday is Miss Cecilia Hickey whose marriage to Albert Jacob will take place in St. Joseph's Cathedral.

Entertained at home of Mrs. Emil Jacobs recently, guest of honor was presented with miscellaneous gifts in a decorated basket.

Pink and white streamers decorated the room centred with a wedding bell.

During the evening games were played by the 18 guests.

On another occasion Mrs. J. O'Brien and her daughter-in-law Mrs. Jack O'Brien entertained about 20 guests in Miss Hickey's honor.

Miscellaneous shower gifts were presented in a decorated basket.

Celery Relish

Chop four sweet red peppers and four green peppers and 12 medium onions. Combine 4 quarts of sliced celery, 1/3 cup salt, 2¼ cups sugar, 1/3 cup mustard seed, 1 teaspoon turmeric. Blend in 1¼ cups light corn syrup.

Bring to boil (covered) and add chopped vegetables. Cover, let simmer for 5 minutes. Pack one jar (hot and sterilized) at a time, filling to within ¼" from top and make certain that the vinegar solution covers vegetables. Seal each jar at once: about 10 pints.

Hazardous at Night

The death rate per accident on highways at night is estimated to be 51 per cent greater than that occurring in daylight, although here is only one-fifth the traffic.

Trousseau Tea Held Yesterday For Helen Trimble

Honoring her daughter Helen, Mrs. I. Trimble entertained at a trousseau tea recently.

Receiving more than 60 guests with their mother, were the bride-elect and her sister Miss Hazel Trimble.

Pouring tea during the day were Mrs. Robert Holmes, Miss K. H. Candy, Mrs. E. Barr and Mrs. Oliver Willson.

Assisting in serving were Mrs. T. Leesburg, Mrs. I. Gail, Mrs. W. Speed, Mrs. R. Weeks, Mrs. P. Ozmuck, Mrs. I. Walmsley, Miss Margaret Thompson, Aileen Upton, Anne Zacharko, Elizabeth Boychuk, Bess Yule and Grace Harris.

Mrs. W. S. Whitla showed the trousseau in the afternoon and Mrs. E. Parris was in charge during the evening.

YOUR GUIDE TO SAFE BUYING

in the KITCHEN...

By Jane Scott

Old adage "an apple a day keeps the doctor away" comes into fair play this crisp October weather.

Apples are ruddy, tangy and juicy as they come fresh from the Okanagan Valley. Now I'm a kitchen cut-up who's a mite proud of her ways 'n means with the taste-tempting apple.

As a matter of fact I have a whole box of Kiwanis apples to work my culinary craft on for the next six weeks. My little family never grows tired of apples . . . and they're forever demanding deep-dish apple pie with cheese pastry.

Then of course there's always candied apples for the young'uns.

Anyhow m'dears . . . here's my private little stack of apple appetizers:

APPLES ON A STICK

- 1 cup mild-flavored molasses
- 1 cup sugar
- 1 teaspoon cider vinegar
- 1/3 teaspoon salt
- ¼ cup water
- 2 teaspons butter
- 12 small apples

Combine molasses, sugar, vinegar, salt and water. Cook slowly, stirring constantly, to 270°F. (or when a small quantity dropped into cold water forms hard ball). Remove from heat; add butter. Dip apples into syrup, covering entire surface. Place on waxed paper to cool. Insert wooden stick for holder.

APPLESAUCE MINCEMEAT PIE

Pastry

- 1 No. 2 can (2½ cups) prepared mincemeat
- ½ cup firmly packed brown sugar
- 2 tbs. melted butter or margarine

Make pastry following directions for Two Crust Pie, using 9" pie pan or plate. Combine applesauce, mincemeat, sugar and butter or margarine; pour into pastry shell. Cover with pastry. Bake in hot oven (425°F.) 35 min.

• • •

DEED DISH APPLE PIE WITH CHEESE PASTRY

Serves 4-6

- Cheese pastry
- 6 tart apples
- 1 cup sugar
- ½ tsp. cinnamon
- ¼ tsp. nutmeg
- 2 tbs. butter or margarine

Make ½ recipe for pastry. Pare apples; core; slice. Put into baking dish. Mix sugar, cinnamon and nutmeg; sprinkle over apples. Dot with butter or margarine. Roll out pastry ⅛" thick on lightly floured board in shape to fit over baking dish; prick design in centre to allow steam to escape while baking. Place on apples; trim edge; press with tines of fork. Bake in hot oven (425°F.) 30-40 min.

• • •

CHEESE PASTRY

- 1½ cups flour
- ¼ tsp. salt
- ½ cup shortening
- ⅛ cup grated American cheese
- 3 tbs. cold water (about)

APPLE BETTY

Serves 4

- 3 cups soft bread crumbs
- 3 tbs. melted butter or margarine
- 3 large tart apples
- 1½ tbs. lemon juice
- ½ tsp. grated lemon rind
- ¾ cup firmly packed brown sugar
- ½ tsp. nutmeg
- ½ tsp. cinnamon
- 2/3 cup hot water
- Hard sauce

Toast crumbs, mix with butter or margarine. Place 1/3 crumbs in greased baking dish. Pare apples; core; slice thin. Arrange ½ apples on crumbs. Sprinkle with ½ juice and rind, sugar, nutmeg and cinnamon. Repeat, ending with crumbs. Add water. Bake in moderato oven (350°F.) 45 min. or until apples are tender. Serve hot with sauce.

Cheddar Betty: Prepare Apple Betty; cool slightly. Whip ½ cup whipping cream stiff; place spoonfuls on pudding. Sprinkle with ½ cup grated Cheddar cheese. Garnish with thin wedges of unpeeled red apple.

• • •

APPLE AND CRANBERRY BETTY

Serves 4

- 4 cups soft bread crumbs
- 3 large tart apples
- 1 cup firmly packed brown sugar
- ¾ tsp. nutmeg
- 3 tbs. butter or margarine
- 2 cups cranberries
- Lemon sauce

Toast crumbs. Pare apples; core; slice thin. Place ½ apples in greased baking dish; sprinkle with ½ sugar and nutmeg. Dot with ½ butter or margarine. Add ½ bread crumbs and cranberries. Repeat, ending with crumbs. Dot with butter or margarine. Bake in moderate oven (350°F.) 1 hour. Serve hot with sauce.

• • •

SCALLOPED APPLES WITH PEANUT BRITTLE

- 6 large tart apples
- ¼ teaspoon salt
- ¾ pound peanut brittle
- 4 teaspoons lemon juice

Peel and core apples and cut into thin slices. Beginning with a layer of apples, arrange alternate layers of apples and crushed peanut brittle in buttered casserole. Sprinkle a little salt over each layer of apples just before adding last layer of brittle. Bake in slow oven (325°F.) for one hour. Serve either hot or cold with or without whipped cream as desired. Serves 6 to 8.

Icing, which makes flying hazardous in winter, sometimes is encountered at high altitudes even in summer.

OPEN FACE apple pie with cheese and crumb topping is a tasty dish for a crisp October day. Apples are at best this time of year.

Apple Pie Sugars Way To Man's Inner Heart

Way to a man's heart is through his tummy . . . and the vehicle is an apple pie.

Yes ma'am! You feed your fella a juicy, sweet apple pie and his weekly budget will be yours to manage and to cherish.

Some men like apple pie "plain like mother used to make it" . . . some like it fancied up with your own clever touches. Try these:

APPLE PIE

Pastry

- 6 tart apples
- 2 tsp. flour
- 1¼ cups sugar
- 1 tsp. lemon juice
- ½ tsp. cinnamon
- ¼ tsp. nutmeg
- 2 tbs. butter or margarine

Make pastry, following directions for Two Crust Pie. Pare apples; core; slice. Rub flour into bottom of pastry shell; sprinkle with ¼ cup sugar. Arrange apples in pastry shell; sprinkle with lemon juice. Mix 1 cup sugar, cinnamon and nutmeg; sprinkle over apples. Dot with butter or margarine. Cover with pastry. Bake in hot oven (25°F.) 40-50 min.

• • •

BUTTERCRUST APPLE CHERRY PIE

Pastry

- 4 tart apples
- 6 tbs. butter or margarine
- 1 cup sugar
- 1 No. 2 can (2½ cups) pitted sour red cherries
- 2 tbs. flour
- 1 tsp. cinnamon
- ½ tsp. nutmeg

Make pastry, following directions for for Two Crust Pie, using 8" pie pan or plate. Pare apples; core; slice. Melt 2 tbs. butter or margarine; brush on bottom of pastry shell. Arrange apples in pastry shell. Drain cherries; place on apples.

Mix sugar, flour, cinnamon and nutmeg; sprinkle on fruit. Dot with 2 tbs. butter or margarine. Cover with pastry. Bake in hot oven (425°F.) 30-40 min. Melt remaining butter or margarine; brush on top crust. Bake 10 min.

• • •

ORANGE APPLE PIE

Pastry

- 6 tart apples
- 2 tbs. grated orange rind
- 1 cup packed brown sugar
- ¼ cup orange juice
- 2 tbs. butter or margarine

Make pastry, following directions for Two Crust Pie. Pare apples; core; slice. Arrange in pastry shell. Sprinkle with sugar, orange rind and juice. Dot with butter or margarine. Cover with pastry. Bake in hot oven (425°F.) 40-50 min.

• • •

FRIED APPLE PIES

- 1 cup cooked or canned apple sauce
- ¼ cup firmly packed brown sugar
- ¼ cup seedles raisins
- ½ tbs. allspice
- 1½ tsp. lemon juice
- 1 tbs. melted butter or margarine

Combine applesauce, brown sugar, raisins, allspice, lemon juice and butter or margarine. Roll out pastry ⅛" thick on lightly floured board; cut with 3½" cutter. Place applessauce mixture in centre of ½ rounds; moisten edges with water.

Top with remaining rounds; press edges together with tines of fork.

Fry in deep fat or salad oil heated to 375°F. until brown. Drain on absorbent paper.

Mexico City is now known as Mexico, D.F., by governmental decree. The D.F. signifies "distrito federale," or federal district.

MOLASSES APPLE COTTAGE PUDDING

- 2 tablespoons butter
- 2 tart apples
- 6 tablespoons New Orleans molasses
- ½ cup shortening
- 2/3 cup sugar
- 1 egg
- 1 cup sifted all-purpose flour
- 1½ teaspoons baking powder
- ¼ teaspoon salt
- ½ cup milk
- ½ teaspoon vanilla

Melt butter, place in 6 greased custard cups, dividing butter equally. Pare apples; core; chop fine. Divide evenly in the cups; add 1 tablespoon molasses to each. Cream together shortening and sugar; add egg; beat well. Sift flour once, measure. Add baking powder and salt and sift again. Add alternately with milk to creamed mixture. Add vanilla; mix well. Pour over apple mixture, filling cups ⅔ full. Bake in moderate oven (350° F.) 45 to 50 minutes. Turn upside down on serving dish. Serve immediately with any preferred sauce, or whipped cream. Serves 6.

Uncle Wiggily's Bedtime Story

Uncle Wiggily was very much surprised. So were Buster and Bunty. I am not quite sure that Chief, the police dog, was surprised, being a police dog and also a detective, it took a great deal to surprise him. But definitely, Uncle Wiggily, Buster and Bunty were very much surprised.

They were surprised at Cousin Jumper's funny frog. For this little green chap, instead of jumping FRONTWARD began jumping BACKWARD.

"Look at that, would you!" exclaimed Buster.

"It certainly is funny," said Bunty.

"Very remarkable," agreed Uncle Wiggily.

"I have seen many queer things," barked Chief, "but a backward jumping frog is something new for me."

"I told you he was wonderful," said Cousin Jumper Mare. "This backward jumping frog said just now that he knew of some growing bigger water."

"So I do," croaked the green frog. "And if you will kindly follow me, I will lead you to it."

The funny frog began to jump backward. Cousin Jumper, the visiting rabbit, followed him and so did Uncle Wiggily, Chief and Buster and Bunty. Soon the queer frog reached a spring of water under some green trees where the birds were singing beautiful songs. Christmas.

"Here is the growing-bigger water," croaked the strange frog. "I will jump in it and I will splash some of the water on you, Uncle Wiggily, and on Buster, Bunty and Chief. Then you will all grow bigger."

"But not too big," said Uncle Wiggily. "Just let us grow back to the same sizes we were before we were stuck in the tunnel."

"That's what I'll do," said the green frog. He stood on the edge of the spring, with his back toward the water.

"Please let me get out of the way," said Cousin Jumper. "I am as large as I want to be, and if I got splashed I might turn into a giant rabbit." So he scampered out of the way.

With a big plop, the backward jumping frog leaped into the spring of growing-bigger water. He splashed Uncle Wiggily, Buster, Bunty and Chief with the water. Then, suddenly, they all grew back to their regular sizes and the green frog, whose name was Juggo, leaped out of the spring. And Buster suddenly shouted:

"I know what we can do, Bunty. We'll have a frog race."

I'll tell you about that tomorrow if the cellar stairs will please stop running up to the attic to see if Santa Claus has started to climb down the chimney to make sure everything is getting ready for Christmas.

Horoscope

By FRANCIS DRAKE

Look in the section in which your birthday comes and find what your outlook is according to the stars.

FOR FRIDAY, OCT. 6, 1950

March 21 to April 20 (Aries)—Mixed influences. Home and domestic affairs likely most concerned with men strongly favored. Travel by water, also shipping, generally encouraged. Have care in finances, contracts.

April 21 to May 20 (Taurus)—Work and other matters by which you have special talent or training should advance, but it is not an easy day financial transactions or banking important.

May 21 to June 20 (Gemini)—You will need to be on your best behavior. Different times, places in general, trades and careers favorable. Benefits are shown in love, family relations, religion, art.

June 21 to July 22 (Cancer)—Excellent position. Make the most of every good opportunity and trend. Favorable matters of urgent importance, home and domestic needs.

July 23 to August 22 (Leo)—Not promising, yet not unfavorable either. You should be alert to duty demands and keep up nicely with work schedule. Finance and affairs of money management will aid greatly.

August 23 to September 23 (Virgo)—Secretaries, all in confidential work and community and government matters favored. But check carefully needed in finances, industry, trades, military interests. Avoid risks.

September 24 to October 23 (Libra)—Business connected with chemicals, distilling beverages, shipping, anything sensitive orders advance briskly. Good day for domestic matters regarded. Keep emotions under control.

October 24 to November 22 (Scorpio)—Both Saturn's and Mars' influences need for added diligence, prudence and a cheerful attitude. Fine days for household tasks, artistic projects and personal revelations.

November 23 to December 22 (Sagittarius)—How you approach your responsibilities and how you deal with problems of clients is important. Day has good points, especially for the cautious, considerate person. Avoid new affairs.

December 23 to January 22 (Capricorn)—Now, perhaps more than ever before, but they grows better—and better. Don't fret. Do your best, and be lucky. Happy outlook for coming year.

January 23 to February 20 (Aquarius)—Unusually favorable day for you, but you can increase opportunities and value by going after them. Don't seek the unusual, and don't deviate from normal, dependable rules.

February 21 to March 20 (Pisces)—Hope for you ever—more so than you may realize. Don't let anyone or anything—not even yourself—get you down. Be optimistic, cheerful and you will go far under fine aspects.

If you were born TODAY: Intuitive, idealistic, but not always as astute and settled in disposition as you should be for best results. Must learn to be more practical, less impulsive. Could be successful in many lines, but should choose one and stick to it. Will be lucky in love, marriage. Birthdate: Gen. Douglas MacArthur, soldier, statesman. Also: Ethel Barrymore, actress; Ralph Bellamy, actor; Jack Benny, comedian; Ingrid Bergman, actress; Bing Crosby, singer; Jascha Heifetz, violinist; Lauritz Melchior, singer; Ezio Pinza, singer; Ginger Rogers, actress; Gene Tunney, boxer; Mary Wickes, actress.

New Building For City Mail Opening Soon

Edmonton post office officials today announced that the official opening of the forward mail building, east of the CNR station, would take place "sometime in early November."

At present workers are completing the installation of mail chutes and conveyor belts throughout the building, and are expected to complete installations by the end of October.

The building will be used only for the sorting of country mail and will greatly speed up delivery and also allow for more storage and working space in the downtown post office, said one official.

Between 1851 and the Second World War Australia procured £715,000,000 worth of gold, when the pound was worth $4.86.

ONE-WOMAN UNION STRIKES

BEDFORD, Ind., Oct. 5—(AP)—The telephones didn't ring in Heltonville today — Mrs. Opal Ford wants more money. Mrs. Ford is the entire operating staff of the union Home Telephone Company.

When she didn't get a raise in salary she authorized a one-woman strike, and 85 phones went dead yesterday. She didn't say what her salary has been or how much more she wants.

Livestock

EDMONTON, Oct. 5. — Total receipts: Cattle 562, calves 181, hogs 520, and sheep 154.

Thursday's cattle market continued draggy at barely steady to weaker values on most classes. Little or no interest is being shown by the local packers and support for all killing classes is borne by the order buyers. Bulk of the offering are replacement stock with very few killers on offer. The early auction did not produce any top quality butcher steers but indications are that they would sell barely steady with yesterday's quotations of $24.00 to $26.00 on good to choice quality. Very few top butcher heifers have shown in the early sale. It is indicated that yesterday's quotations of $23.00 to $25.00 would prevail for lightweight good to choice quality. Butcher cows about steady at a top of $17.50. Sixteen-fifty and $17.50 include all the medium to good butcher cows. Bulls appear at a par with yesterday's top of $22.50 for good bolognas.

Veal calves steady, $27.00 to $28.00 for good handyweight. Hogs steady, grade "A" for shipment $29.00. Sows $18.75 and stags $14.50 liveweight. Good handyweight lambs $23.00 to $24.00 off cars and $22.00 to $23.00 off trucks. Buck lambs discounted $1.00 per cwt.

The following are the quotations:

Choice fed calves	24.50 to 26.00
Choice fed steers	25.00 to 26.00
Good steers	24.00 to 25.00
Medium steers	23.00 to 24.00
Common steers	18.00 to 22.00
Choice heifers	24.00 to 25.00
Good heifers	23.00 to 24.00
Medium heifers	22.00 to 23.00
Common heifers	17.00 to 20.00
Good cows	16.50 to 17.50
Medium cows	16.00 to 16.50

Churchill Grain Trade Betters Record of 1950

CHURCHILL, Man.—(CP)—This year's grain shipping from this northern port ended yesterday with the sailing of the Ilalterra for Genoa with 357,000 bushels of wheat. This makes 20 wheat cargoes for 1950. Four more than the record of 1949 when 16 ships took out 5,528,000 bushels. This year 6,700,500 bushels were taken out.

The 20 ships arrived and departed without incident. More ice than usual was in the straits this year, but planes reported no ice in the shipping lanes of Hudson Bay for some time before the season opened. The season opened July 31.

WINNIPEG.—(CP) — Preliminary estimate of the average protein content of this year's prairie wheat crop is 13.9 per cent, the Board of Grain Commissioners' laboratory reported today.

The laboratory said a decrease to about 13.6 per cent—the average level for the last 20 years—is expected when more data covering low protein areas in the north, are included in the completed survey.

Average protein content last year was 13.5 per cent.

LONDON. — (Reuters) — Britain lost 45 per cent of her overseas investments during the 10 years between 1938 and 1948, it was revealed.

The Bank of England, beginning a series of reports, yesterday took the wraps off hitherto-secret information on what the war and reconstruction afterwards cost Britain's foreign holdings.

Besides sales, there has been loss by depreciation. The pound sterling in 1938 was worth about $4.80 in the free market and approximately $4.00 at a fixed rate. Now it is worth $2.80 in United States funds.

Holdings abroad in 1938 totalled £3,545,000,000. During the 10 years their nominal value dropped by £1,585,000,000.

Britain received £1,352,000,000 in cash to offset this nominal loss.

Reductions in holdings, listed in percentages, included United States 72 and Canada 61.

LONDON—(AP)—The United States has objected to a British request for money to help finance Britain's three-year rearmament program, informed sources reported.

Hugh, Gaitskell, Britain's acting treasury chief, is flying to the United States Sunday to attempt to meet the American objections, the informants said.

Britain in response to an American request last August laid down a £3,400,000,000 three-year defence program. She said she could achieve its targets without reverting to a full war economy only if the U.S. helped with raw materials, equipment, and freely-convertible dollars.

Altogether, Britain asked for about $1,500,000,000 worth of direct assistance for arms in the next three years.

Other Atlantic Pact countries put in similar requests.

LONDON—(Reuters) — Ministers from seven British Commonwealth countries yesterday wound up their secret discussions of a $5,000,000,000 aid plan for south and southeast Asia.

Representatives of six non-Commonwealth countries who joined the talks Monday did not attend today's session.

A reliable source said that during three sessions the Commonwealth ministers had explained to the representatives of the non-Commonwealth countries the implications of the proposed $22,400,000 technical aid plan.

They also discussed with them the six-year economic aid programs submitted by India, Pakistan, Ceylon and the British territories of Malaya, Singapore, Sarawak and North Borneo.

VANCOUVER—(C P)—Sherritt Gordon Mines announced it will use a new nickel-producing process perfected by Prof. Frank Forward, head of the metallurgy department at the University of British Columbia.

Reported cheaper than any in use today, the process will be brought into commercial use at Sherritt's Lynn Lake, Man., site in 1933.

In the new process, nickel concentrate is dissolved in ammonia. The solution is then treated chemically to recover copper, nickel and cobalt separately.

With the present process used in Canada, nickel is smelted and subjected to chemical treatment which separates copper from nickel. Copper, nickel and cobalt then are prroduced by electrolysis.

OTTAWA — (CP) — The finance department last night announced that no permits are required to take $50 or less in U.S. currency out of Canada.

As previously announced, the limitation on pleasure travel to the United States is no longer limited to $150 in a 12-month period.

However, a form "H" travel permit must be used if a traveller wants more than $50 in U.S. funds or more than a total of $100 in both U.S. and Canadian funds.

There is no change in the regulation prohibiting the mailing of money from the country without a permit. As before, such funds must be mailed through the banks.

VICTORIA, B.C. — (CP) — British Columbians can expect a reduction in gasoline prices soon as a result of the rise in value of the Canadian dollar, Dr. W. A. Carrothers, B.C. coal and petroleum control commissioner, said yesterday.

Amount of the reduction would depend on where the dollar levelled off in the free market. Vancouver motorists now pay 37 cents a gallon for standard gasoline and 39 for premium.

HE HAS NAME FOR THE JOB

HARRISBURG, Pa., Oct. 5. — (AP) — The northeastern poultry producers council yesterday chose an appropriately-named president for next year. He is Waldo Chick of Well, Me.

Stable Spud Market Seen

OTTAWA, Oct. 5.—(CP)—Based on present crop expectations, a fairly-stable market for the lowly Canadian spud during the next year is indicated.

Government agricultural experts naturally won't hazard a guess as to the price trend, either to the producer or to the consumer, but they do point to reports that blight is reducing the potato crop.

If that happens, the feeling here is that producer prices, at least, won't go below what they are now. At present they are about 25 cents a bushel lower than a year ago.

Final official estimates of the 1950 harvest won't be available until mid-November, but a preliminary survey issued by the Bureau of Statistics three weeks ago placed the crop then at 55,363,000 hundredweight against 52,518,000 last year.

BLIGHT REPORTED

Since then, however, there have been reports of blight infesting the country's potato-growing areas, bringing the possibility of reduced yields and a steady—if not higher—price range. The extent of blight will be shown in the November estimate.

Washington reports indicate that lower United States prices for potatoes this year may reduce Canadian exports to the American market. Canada normally exports about 10,000,000 bushels, both of table and seed variety, to the U.S. each year.

Eight New Wells Staked By Joseph Lake Group

An increase in the development activities at Joseph Lake is indicated with the locations of eight new drilling sites staked by the Joseph Lake group.

Superior Joseph Lake No. 38 at a depth of 3,360 feet is the 21st completion in the field, 20 of which were oil wells, and one abandonment. The eight new locations, Superior Joseph Lake Nos. 28, 30 32, 33, 34, 35, 37 and 39 make a total of 16 sites either currently drilling or slated for drilling soon.

Dominion Drilling Company's rig from No. 23 will be moved to No. 25, which is slated to be spudded in this week.

Members of the team developing Joseph Lake are Superior Oils, General Petroleums, Kroy Oils, and Jupiter Oils.

Shell Oil is moving in for a second Devonian test of the territory east of Turner Valley. The new well, Shell McKidd, is about six miles north of the Pan Ranchmen's dry hole and about three miles west of the old Anglo Twin Dome. Both wells were dry holes but went only as far as the Madison.

Several Madison shows have been obtained in the territory of the northwest fold lying east of the Turner Valley structure. The McKidd well is 15 miles east of Turner Valley production, in lsd 1-9-21-28 west 4th.

Last spring on a deal with Anglo Shell drilled the Anglo Black Diamond well which had obtained Madison shows down to the Devonion but found no production. The McKidd well is about 15 miles east and north of the Black Diamond venture.

These are so far the only two wells to probe Devonian prospects east of Turner Valley and the severe-faulted foothills structures in southern Alberta.

Meanwhile the Calgary area came in for attention from another angle. Britalta Petroleums has taken a new reservation of 39,636 acres 20 miles northwest of Calgary. This is in addition to 300,000 acres held in the area south of Rocky Mountain House.

New Calgary holdings cover lands in townships 28 to 30 inclusive and ranges five and six west of the fifth.

A 6,332 foot well, 33 miles northwest of Edmonton, has been plugged and abandoned.

The oil well, Texaco Nakamin, No. 1, failed to show, and the rig has been moved off the property to Grimache, No. 1, two miles north of Redwater Leaseholds' Campbell No. 6.

Regent Drilling Company has been awarded contract and will start drilling operations on the Barons No. 1 well in Lsd. 10, section 15, township 12, range 23, W. 4. Wellsite is approximately one mile east of the town of Barons.

Edmonton stockyard officials today announced that on Monday, Oct. 9, Thanksgiving Day, the stockyards will be closed for trading. Usual facilities will be provided for the handling of consignments.

Judgment Is Reserved In Torture Case

Judgment was reserved on the crown appeal this morning for lengthier jail terms for two men sentenced for the "torture robbery" of an aged Westlock bachelor last May 23.

The two men, Henry Smichura, 31, of Edmonton and John Stadnyk, 33, of Nestow, Alta., were each sentenced to six months imprisonment for the armed robbery of Ewesevy Vrylow at his farm home.

LIGHT SENTENCE

The crown prosecutor appealed the light sentence on the grounds that the robbery had been premeditated and brutal.

This morning, a legal technicality was argued by crown prosecutor and defence counsel N. D. Mclean in that notice of appeal had not been served on the two accused contrary to proper legal procedure.

NANCY—

By Ernie Bushmiller

"CANADA WEST"!

In most cities throughout Canada, the West End seems to be the choice of the home-builder. Here, in Edmonton, our West End with its deep ravines and evergreens, natural beauty spots, can offer the prospective home owner more than any city in the Dominion. Planned lots 50' x 150' in size. Good schools, churches, bus service and friendly neighbors.

Rothschild, when asked, once said:

"Buy a piece of real estate in the West End of a growing city, keep it and it will keep you."

Storm Shift Help to N.S.

HALIFAX, Oct. 5—(CP)—A tropical hurricane whipped past Nova Scotia early today after changing its course. It had been expected that the storm, with winds up to 90 miles an hour would rake the Nova Scotia coast.

However, winds of 70 miles an hour in gusts were forecast for southern Newfoundland as the blow swept northeastward.

Forecasters said last night that if the storm continued in the path it was taking at that time, it would hit Nova Scotia about noon today. They put out warnings to fishing vessels east and west of Sable. Just a month ago, a hurricane swamped a fishing boat and five men were drowned.

Remanded For Sentence On Tax Act Charge

Ernest W. Linklater, 10305-95 St., was given four months to raise $300 in taxes and fines when he appeared before Police Magistrate S. G. Main yesterday.

Charged under the Excise Tax Act with making false return of his business receipts, the Magistrate remanded him to Jan. 3 for sentence.

The amount owing by Linklater in connection with the return was $291.57. Under the Excise Tax Act, he must pay double this amount plus a minimum $100 fine as a penalty.

Siamese Pigs In Litter of 13

SEATTLE, Oct. 5 — (AP) — Siamese-twin pigs were born yesterday to a 800-pound Chester White pig on the W. D. Begis farm some 20 miles north of Seattle.

The twins, joined at the stomach by a band of tissue about half an inch and extending from front to rear legs, were in a litter of 13 — counting them as two.

ACROSS-CANADA SPECIAL SELLING FRIDAY, SET $1.59

Colourful! One of the nicest new trends in decorating is the one that encourages uncluttered simple windows, letting in more light, bringing colour and charm to your rooms. On a small scale, but definitely part of this new trend are these plastic canopy curtains. Fine for kitchens, cottages and sun rooms. Bright with colour, you can wipe them off or dip them in warm water so easily for cleaning ... and at that, not too often—for they discourage the gathering of dust! Clover design in red, green or blue on white. Canopy about 16"x6" long, sash about 25"x34".

Rayon and Cotton Tailored Curtains

Lacy, lovely rayon and cotton fabric in open Tuscan-type weave ... curtains that will add shimmering beauty to your windows and still allow plenty of light! Durable curtains priced for savings! Deep biscuit tint ... each panel approx. 33"x81" long.
